WHISKY BANISHED BY PROHIBITION RULE

An Eleventh Hour Ruling by Department of Justice Saves Last Beer and Wine for Thirty Days

Washington, July 1.—The nation awoke today to a reality of prohibition. The banishment of the "eye opener" at the bar, forgotten in many parts of the country, was all embracing. Those who had been provident in "stocking up" in advance of drought, or who could brew 2¾ per cent brew were to carry out the time-honored custom of starting the day with an "eye opener."

LIGHT BEER SAVED.

Warm wine prohibition, effective for the time all distilled liquors and beer from the list of forbidden beverages came as a result of a eleventh hour announcement by the department of justice that pending decisions to present litigants to determine whether a brew containing 2¾ per cent of alcohol is intoxicating, no action would be taken toward stopping the sale of beer containing no more than that amount of alcohol.

STILL HOPE FOR WILSON WHISKY.

The pending court decisions or action by congress defining intoxicating beverages, sale of whiskey and other drinks in states in which there are no regulatory laws will be permitted until Jan. 16, when constitutional prohibition becomes effective. Other than this the only ray of comfort the anti-prohibitionists is the hope that when President Wilson will declare demobilization of the army complete, which automatically will suspend operation of the war time act until Jan. 16.

FROM LEADERS BOTH SIDES.

When the attitude of department of justice officials toward beer became known last night, some of the prohibition advocates in congress were in favor of abandoning the plan to adjourn until July 7 in order that the act to define what beverages are intoxicating and providing for the enforcement of the war-time law might be rushed through. Other leaders refused to accept the proposal and the question, at present, cannot be considered until then. Even then a stiff fight is expected when an effort will be made to induce the president to set aside the war-time act insofar as it relates to light wines and beer.

The action of the department of justice last night in announcing there would be no interference with the sale of 2¾ per cent beer was a reversal of a stand taken in a statement issued previously in the day for which there was no explanation other than that the department had "reversed itself."

Celebration of the passing of the saloon in many cities throughout the country lasted until early this morning, although the actual sale of liquor stopped at midnight.

SELLING BEER IN NEW YORK.

New York, July 1 — Open bars where beverages of 2.75 per cent alcoholic content could be purchased by the drink, offered the last consolation obtainable in New York today to the friends of hard liquor on the first day of war-time prohibition.

Cafes, restaurants, hotels and liquor stores in many instances virtually depleted of their stocks of "heavy liquids," when the law went into effect at midnight, notified their customers that until further notice the stronger varieties of beer, wines and liquors would not be sold.

Throughout the city the last few hours of the unrestricted sale of all beverages were ushered in without much hilarity, but with considerable drinking.

"HINKY DINK'S" CLOSES.

Chicago, July 1.—Every drop of beer in the house having been sold at 11:30 o'clock last night the manager of the "Working Exchange," held up his hand and shouted: "Everybody out. We're going to close up."

Expostulations were useless and the part of the three-deep crowd at the long bar, and thus ended one of the most famous drinking resorts in the country. "Hinky Dink's" saloon, as it was better known, was opened years ago by Michael Kenna, alderman of the First ward. He had been in the saloon business for about forty-five years, but the place which he presides in person is a block away and "too swell" for those who patronize the "exchange." Any one could get a drink there between 8 o'clock in the morning and midnight.

The "exchange" will remain open today as a "soft drink emporium," it was announced. During its last year it sold an average of twenty kegs of beer a day, the aldermen said.

CHICAGOANS CELEBRATE.

Chicago, July 1.—Celebration of the passing of liquor lasted long after midnight, although saloons throughout the city closed promptly at the stroke of twelve o'clock. According to the police, more intoxicated men engaged in the revelry than ever before recorded in the annals of the department.

AT BREWER'S HOME.

Baltimore, July 1—Judge John C. Rose in the United States district court here today sustained the demurrer on the indictment against the Standard Brewery, incorporated, of Baltimore which charged the concern with manufacturing "a cereal beverage" containing at least one-half of one per cent of alcohol."

The court ruled that the manufacture of beer having an alcoholic content of 2¾ per cent could be done only at the risk of the brewer pending final decision by the higher court.

Test Cases Are Planned

Washington, July 1—Test cases on the sale of beverages containing more than one-half of one per cent of alcohol will be brought immediately by the department of justice in all jurisdictions where such cases are now pending.

Sell Booze Same As Ever

Atlantic City, N. J., July 1—Practically every saloon in this resort is open today and dispensing liquors of all kinds. Whisky, brandy, gin and any other sort of liquor called for is served to patrons.

The exceptions are the beach front hotels, all of which closed their bar rooms with one exception. The whole sale houses also are closed.

BRUNDAGE'S STATEMENT.

Springfield, July 1—"Whatever interpretation may be placed by the federal courts upon the term intoxicating liquor as used in the federal act the sale of intoxicating liquor in this state is prohibited by the federal law, with the exception of those liquors containing less than the percentage which federal courts may find to constitute intoxicating liquor," says a statement given out here at noon today by Attorney General Brundage. "The entire state therefore is a prohibition territory unless some portion thereof is excepted by the provisos of that portion of the search and seizure law."

Breweries Keep On Making Beer

St. Louis, Mo., July 1.—Thirteen local breweries today continued the manufacture of beer containing 2¾ per cent alcohol, and the majority of saloons opened as usual, but sold only beer and soft drinks. The excise commissioner continued issuing licenses upon which was stamped notice that the permits did not authorize violation of "laws of the United States."

The two largest breweries here will not resume manufacture of the beer unless it is decided they may legally do so, it was said.

BRYAN PRESIDES AT FUNERAL OF JOHN BARLEYCORN

Columbus, O., July 1.—William Jennings Bryan will be the chief figure in a celebration of the funeral of John Barleycorn at the Methodist centenary exposition here today. The funeral procession will be headed by the former Secretary of state riding a camel the "first and original prohibitionist," as Dr. Alonzo Wilson director of special events at the exposition once termed the animal. An elephant and a donkey, representing the old line parties, also will take part in the parade, which will conduct John Barleycorn to his last resting place.

CHICAGO BARS TO SELL SOFT DRINKS

Chicago, July 1.—More than 3,000 of Chicago's 6,000 saloons opened this morning for the sale of soft drinks. About 500 were converted into ice cream parlors and restaurants overnight.

The supply of 2¾ per cent beer was practically exhausted in yesterday's celebration and it was said that the beverage was on sale today in less than a score of places.

Saloonkeepers were undecided what course to follow and will be guided largely by what action the brewers take. The Chicago Brewers' association, through its president, William G. Lener, said that it had not yet decided whether the manufacture of 2¾ per cent beer would be continued. Further legal advice will be sought, it is said, before a definite policy is decided upon.

It is estimated that $1,500,000 was expended yesterday for liquor of various kinds in celebrating the advent of war-time prohibition. Reports indicate that stocks of liquor in nearly every drinking place in the city was practically depleted in last night's rush. Two hotels and several large retailers are said to have large stocks on hand.

LOWDEN VETOES BOXING BILL

Springfield, July 1.—Gov. Lowden sent a message to the legislature shortly before final adjournment late Monday vetoing the 10 round commission boxing bill passed by both houses after determined fights. The measure, declared by the governor to be unconstitutional, would have permitted no decision contests and the use of five or six ounce gloves.

In his veto message, the governor said the effect of the boxing bill would be to invalidate sections of the criminal code which prohibits prize fights. The commission of three, he stated, would not be required to formulate rules and regulations upon compliance with which licenses would be granted, and that, wherefore, the commission would be exercising legislative powers in granting or refusing licenses. The governor referred to the repeal of what he said was a similar law in New York, and pointed to the fact that the bill carried no appropriation for the salary of the secretary.

"I favor boxing," said the message. "I had hoped that a bill would be presented to me which would authorize boxing as we have learned to know it at the military cantonments during the last two years. There has been ample opportunity for those who favor boxing to prepare a bill which would accomplish this. I had hoped that this was done when a few days ago, I came to an examination of this bill. The more I study the bill, the more I confess my disappointment in it. So far as I can see, it provides all the accessories for a prize fight, save the decision alone."

The veto message of the governor was received by the general assembly without any signs of interest. Only a few members were present and no attempt to pass the bill over the governor's signature was possible.

Only a few members of the House and a dozen senators returned for the final wind-up of the legislature.

Forty-one veto messages sent up by Governor Lowden, including the bill legalizing boxing contests, were received without comment.

In addition to the boxing bill, the governor disapproved the McDavid bill granting school teachers a minimum wage of $70 for the first year and $50 thereafter on the ground that school districts will be enabled by greater revenue under the Hicks bill and the increased distributable funds to pay wages without legal compulsion.

Despite an opinion from Attorney-General Brundage as to constitutionality, Governor Lowden signed the bill sent out by the Senate Agricultural committee permitting farmers fruit growers, dairymen and others to engage in collective sales. The attorney-general has held that to exempt farmers from the provisions of the conspiracy act would be class legislation. Governor Lowden said it was a question for the courts to decide.

LEGISLATURE ADJOURNS.

Springfield, July 1.—The 51st general assembly of Illinois adjourned sine die at 4:55 o'clock Monday afternoon after being in session since January sixth.

CATHOLIC ENVOY REPORTS TO POPE

Rome, Saturday, June 28.—Archbishop Bonaventura Cerretti, papal under-secretary of state, returned from Paris today and made a full report at the vatican on his mission to the peace conference. Monsignor Cerretti had lengthy conversations with Pope Benedict and Cardinal Gasparri, papal secretary of state. Both congratulated him warmly on the success of his mission.

The report dealt with changes made in the peace treaty regarding Catholic missions in former German colonies and the protection of their property.

RUSH AID TO QUAKE SUFFERERS

Rome, Monday, June 30.—Military automobile trucks and Red Cross ambulances have gone to the earthquake zone near Florence. The city council of Rome has also sent a detachment from the fire department to the scene of the disaster. Reports state that more bodies have been taken from the ruins but the total number of casualties has not as yet been established.

UNABLE TO MOVE VICTIMS.

[By The Associated Press.]

Florence, Monday, June 30.—In many places throughout the district visited by the earthquake Sunday the number of injured has made it impossible to transport the suffering to hospitals because of the lack of proper means at the disposal of the authorities. Impromptu nurses have taken care of the injured ones in the fields and along the dusty roads.

In spite of heartrending cries from ruins, rescue work at many places could not arrive until necessary tools had been brought from Florence. Many persons are believed to have died under the shattered debris of their homes.

In the earthquake zone more than one thousand houses were seriously damaged in addition to those which were utterly destroyed. The entire population of the Regello valley, twenty miles southeast of Florence is obliged to camp in the open air.

FRENCH SOCIALIST DEPUTIES RESIGN

By Associated Press.

Paris, June 30.—The entire Socialist representation on the chamber committee to examine the peace treaty has resigned on account of the rejection of two of their candidates, including Jean Longuet, leader of the minority Socialists, who were opposed by the other parties on account of their Bolshevist sympathies. The chamber will elect the successors of the Socialist representatives tomorrow.

CONGRESS HOPES TO END TILT

Washington, July 1.—Their plans for a recess from last night until next Monday having been upset by unexpected opposition in the house to the conference agreement on the army bill and objections from the same source to features of other measures, both branches of congress again were in session today in an effort to straighten out between the two bodies differences over remaining appropriation bills.

Of the bills on which conference agreements had been reached and enactment of which had been expected late yesterday, the naval appropriations measure was the only one to get through. This bill carries appropriations of $616,000,000 and provides for a national personnel of 170,000.

AVIATION APPROPRIATION.

Differences as to the amount to be appropriated for aviation prevented enactment of the army bill, house democrats insisting on only $15,000,000 as against $40,000,000 agreed on in conference and $65,000,000 voted by the senate. Conference agreements had been reached on the sundry civil and District of Columbia appropriation bills, but Democratic opposition in the house to consideration of these caused them also to go over until today.

As the funds provided in the bills were needed for the various government departments beginning the new fiscal year, leaders hoped to clear up all disputes today so that adjournment could be taken until July 7, when President Wilson is expected to appear before a joint session of the two houses to present the treaty of peace with Germany.

40,000,000 GALLONS KENTUCKY WHISKY

Louisville, Ky., July 1.—Notwithstanding the enormous amount of whisky sales in the past week, Kentucky liquor dealers today claim to have a surplus of forty million gallons. How to dispose of this, they say, is undetermined.

TURK DELEGATION TO RETURN HOME

[By The Associated Press.]

Paris, June 30.—The Turkish delegation which visited France for the purpose of laying before the peace conference a request that Turkey's territorial integrity be preserved intact, will leave for home Thursday.

Meanwhile the members of the delegation will be permitted to visit Paris to make purchases.

FINISH EVIDENCE ON TOWNLEY SOON

Jackson, Minn., July 1.—Shortly before a recess was taken until tomorrow in the conspiracy trial of A. C. Townley and Joseph Gilbert, prosecuting attorney E. H. Nichols announced that the state expected to complete its direct testimony tomorrow afternoon.

EIGHT KILLED IN EAST WRECK

Rear End Collision in New York Town — 40 Hurt.

Dunkirk, N. Y., July 1—Eight persons are known to be dead and more than forty were injured in a rear end collision between the second section of train No. 41 and train No. 7, known as "The Westerner," at 2:20 o'clock this morning at the Third street station here. All the fatalities occurred in the first passenger car of the rear train. The Westerner, when its engine buckled back through a wooden express car.

Eight bodies were taken from the wreckage and rescuers clearing the debris were working toward what they believed to be two additional bodies.

Twenty persons, some seriously injured, were taken to the Brooks Memorial hospital. As many more passengers were treated by local and out of town doctors and brought here on relief trains.

The engineer and the fireman of the Westerner were killed.

TRAMP CAUSED WRECK.

Washington, July 1.—An unidentified tramp killed in the New York Central wreck at Dunkirk this morning was, according to reports to the railroad administration probably the cause of the tragedy. The mechanism controlling the flow of air from the locomotive to the brakes on the train was found shut off, at the place where the tramp was riding.

The official report says that when the locomotive of train number seven exploded after telescoping the steel Pullmans it drove the wreck into such a tangled mass that P. C. Crowley, general manager of the New York Central, who was in Dunkirk, had to order flame torches to separate the wreckage.

The official report to the railroad administration puts the known dead at nine; the mortally injured at three; the seriously hurt at seventeen, and does not give the number of lesser wounded, although it is said to be large.

The preliminary investigation has developed that on leaving the Buffalo yards, the engineer of train number seven tested his brakes three times and found them working, but had no further occasion to use them until running into Dunkirk, when he encountered a caution signal registered by No. 41 standing in Dunkirk station. When he applied the air, it acted on the locomotive and tender only and was not communicated to the cars following. The train crew said that the engineer whistled for hand brakes, but before they could be used No. 7 crashed into the standing No. 41.

DE VALERA TALKS TO EAST SOLONS

Tells Legislators of Conditions in Ireland.

Boston, July 1.—The Massachusetts legislature heard from Eamonn De Valera, "president of the Irish republic" yesterday, a statement of political conditions in the Emerald isle. He declared that "if we could get a plebiscite we would carry it four to one," for the republic.

The House of Representatives had invited Mr. DeValera as "president of Ireland" to address the body. The senate took no action on a motion to invite him before the upper branch. However, the house extended to the senate an invitation to be present in the house chamber during the Irish leader's visit, and the senators accepted unanimously.

Mr. DeValera in his address said the cause of the "republic" had found general favor with the people of Ireland.

"It is said that the Irish are divided among themselves," he said. "This is not so, in respect to this question. Ulster is mentioned as an exception, but Ulster is a very small part of the island.

"In some parts of Ulster there are very small majorities opposed and in others the majority sympathizes with most of the people of Ireland.

"Again it is said this is a religious movement. This too is not so. It happens that the majority of the Ulster minority is protestant and that the majority of the Irish people is Catholic but that has nothing to do with the present situation. England has tried to keep alive this claim of religious differences but it will not be able to do so, and the Irish people will be united in support of Irish sovereignty."

Mr. DeValera left late Monday for Manchester, N. H., as the guest of Gov. John H. Bartlett of New Hampshire.

HOUSE O K'S BIG SUNDRY BUDGET

Washington, July 1—After protracted discussion, the house today adopted the conference report on the $604,000,000 sundry civil appropriation bill without opposition. The report is yet to be approved by the senate.

HAMBURG TAKEN FROM SPARTACANS

London, July 1—Hamburg, which has been in the possession of Spartacans and Communists for a week, was occupied at 5 o'clock this morning by the government troops under Gen. von Lettow-Vorbeck. The Exchange Telegraph dispatch from Copenhagen reporting the occupation says there was no fighting.

KRUPP PLANT NOT SOLD TO AMERICANS

By Associated Press.

Munich, Monday, June 30.—The local Krupp works are being liquidated purely in the interest of the employes, following the tremendous losses which have resulted since the revolution. American capitalists are considering taking over the plant and forming a German-American works, but abandoned the plan owing to bad conditions here.

A London dispatch received on Monday night stated that Americans had bought the Krupp works at Munich and that several other industrial concerns at the Bavarian capital had passed into American control.

BRITISH DIRIGIBLE MAY START TONIGHT

East Fortune, Scotland, July 1.—Weather conditions this morning are more favorable, and if they continue to improve the British dirigible R-34 may start on its proposed trans-Atlantic flight tonight.

MUELLER AND BELL REACH BERLIN

[By The Associated Press.]

Berlin, July 1—Hermann Mueller and Johannes Bell, the German peace treaty signatories, arrived here at 4 o'clock Monday morning. Members of the party said that just before arriving at Compiegne occupants of the dining car were startled by a stone or a piece of fireworks thrown into the car through an open window from the direction of a crowd celebrating the signing of peace.

ARMY OF IDLE BELGIAN WORKERS

Brussels, June 12.—The number of unemployed in Belgium is 800,000, according to the Minister for Food, but is diminishing from day to day.

Only two blast furnaces are working out of sixty which before the war existed in Belgium. Of these sixty all but four have been completely, or to a very large extent destroyed by the Germans.

The steel and iron production, which, in 1913 attained 2,224,000 tons is nil since 1917. Of 35,000 metal workers in 1913 only about two hundred are working.

It is hoped that by the end of this year, at least twenty-five blast furnaces will be producing and that 44 per cent of the pre-war production will be obtained.

Six thousand operatives have resumed work in the linen industry. The English week of 54 hours has been agreed to.

In the textile industry (carding) work may be resumed several weeks hence since a great part of the machinery which the Germans had taken away has been discovered in Leipsic and repaired.

GRANT MORE PAY TO CITY EMPLOYES

Chicago, July 1.—Troubles of the city with its employes over wages seemed somewhat nearer solution today, as the result of the council's action at midnight in raising the wages of all classes of city workers. In no instance were the various forces given what they demanded, but the agreement to pay the union scale of wages to all organized skilled and unskilled labor was received with approval.

HUN REBELS TO HELP FREDERICK ESCAPE

London, July 1.—German counter revolutionaries have a motor launch in readiness to rescue the former German crown prince Frederick William wishing him to appear at the head of the military forces in Germany, according to a Rotterdam dispatch to the Daily Mail.

The Dutch queen, the dispatch adds, has sent her consort to persuade the former prince that it would be detrimental to Holland, which granted him hospitality, if he participated in a revolt in Germany.

The former crown prince, according to a wireless press dispatch from Amsterdam, has renewed his lease on the parsonage of Wieringen for another three months.

DENY HE HAS LEFT.

London, July 1.—The aide to the former German crown prince at Wieringen emphatically denied during a telephone conversation yesterday that the crown prince had left the island, according to an Amsterdam dispatch received by Reuters Limited.

A Brussels dispatch quoting an Amsterdam telegram to the Soir, received last night, stated that the former German crown prince escaped from the island of Wieringen on Sunday.

PLAN WELCOME TO PRESIDENT

Washington, July 1.—Tentative plans for the welcoming of President Wilson at New York when he arrives on the George Washington, probably Monday, provide for part of the Atlantic fleet to meet the ship at sea and escort her into port. The welcoming committee will be aboard the Pennsylvania, Admiral Wilson's flagship.

Secretaries Daniels and Baker are expected to be among officials who will go to Washington to greet the president.

It was said at the White House today that the president would remain in New York only a short time and that his address in response to the welcoming committee would be brief and would not embrace a discussion of the peace treaty and the league of nations.

The president has not indicated when he will submit the peace treaty to the senate, but officials here expect him to do so either next Tuesday or Wednesday. After he has cleared his desk of important business awaiting his attention he will start on his tour over the country speaking in support of the treaty and the league covenant.

TO STOP SALE LIGHT BEER

Washington, July 1.—The House Judiciary committee probably will meet next Monday to report out a straight bill for enforcement of war-time prohibition, so as to stop the sale of 2¾ per cent beer.

This plan virtually was agreed upon today after leaders had decided to defer consideration of all prohibition legislation until next week. House leaders said that if the bill was reported by the committee Monday or Tuesday it would be passed without extended debate and sent to the Senate. At best, they said 2¾ per cent beer would be on the market less than two weeks.

HOGS HIGHEST PRICE EVER

Chicago, July 1.—Hogs today commanded the highest price ever known, $21.75 a hundredweight. The previous topmost July record was last year $19.40. Today's strength in the hog market was ascribed chiefly to export demand for packing house products.

Before the United States entered the great war, $10.25 was the acme for hogs in July.

CANADA TO SEND WHEAT TO GREECE

Toronto, July 1.—Wheat in all Canadian elevators has been commandeered by the board of grain supervisors in order to provide Greece with 15,000,000 bushels within the next 12 months, it was announced here. No shipments can be made at present without permits from the board's.

MEXICO GUILTY OF OVERT ACT

Driving of American Oil Drillers Out of Country Cited.

Washington, July 1.—The Mexican government has committed an overt act of confiscation in preventing American oil well drillers to work on lands owned by American individuals or companies, by sending soldiers into the fields and driving away the workmen, state department officials said today.

COMPLAINT FILED APRIL 2.

Complaint was made to the Mexican government on April 2 of this year, it was learned, against the refusal of the government to grant permits to the oil companies to drill. No answer was received until after the Juarez incident, it was said, and then President Carranza announced no permits, provisional or other, would be granted until the companies had complied with the law. Compliance with the law, it was said by state department officials, would constitute recognition by the companies that the Mexican government owned the oil lands.

CARRANZA ORDERED IT.

The orders to the military forces to prevent drilling by force of arms was issued by President Carranza last May 16, according to advices from Mexico City today. The petroleum department instructed the Mexican war department by direct orders of Carranza, to use any force necessary to prevent drilling without permit by the present owners.

The war department transmitted the orders with specific directions as to action to be taken by the soldiers to the military commanders at Tampico and Tuxpam, and immediately companies of soldiers were sent into the fields. It was not known how many drilling gangs were driven out of the oil fields by the soldiers, but two have been reported and raids have been made, according to official reports, on the camps of other oil workers.

TO INCREASE OIL CAPITALIZATION

New York, July 1.—Directors of the Sinclair Oil and Refining company have called a special meeting of the shareholders for July 18 to authorize an increase of capitalization from 1,500,000 to 2,500,000 shares.

Shareholders of the Sinclair Gulf corporation will meet on the same date to vote on a proposed increase of capitalization from 1,000,000 to 2,000,000 shares.

It is understood that there will be no public offering of the proposed issues.

R. R. OPERATORS TO SEND MESSAGES

St. Louis, Mo., July 1.—Members of the Order of Railroad Telegraphers throughout the country today were notified to resume handling business of the Western Union and Postal Telegraph companies. The order was issued by E. J. Manion, president of the Order of Railroad Telegraphers, cancelling the ban on commercial business which went into effect June 12, in connection with the nation-wide strike of the commercial telegraphers' union of America.

Lazy Life During Hot Months Causes Lazy Liver

AT no other time is the girl so constant a companion of her mother as when she is emerging into womanhood. There are so many questions to ask; so much she needs to know.

And school is over. Hers is now a lazy, inactive, carefree life. No wonder she is not always as lively and as well as she should be at her age. Let the mother inquire if the bowels are functioning properly, for there lies the basis of good and poor health.

It will usually be found that a laxative is needed, and none will give safer and quicker relief than Dr. Caldwell's Syrup Pepsin which is just a combination of simple laxative herbs with pepsin. Taken tonight, it acts freely and pleasantly in the morning. The head is again clear, the body light. There is renewed interest in life.

A dose of Syrup Pepsin now and then is almost a necessity for everyone in hot weather. A bottle can be bought at any drug store for 50c and $1, the latter being the family size, or a free trial bottle can be had by sending your address to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.

The hotter the day, the cooler the "tall glass." At least that's the way it should be, and your family knows it. So next time everyone is assembled, try one of these cooling draughts on them, and see how many re-orders you will have for the next day.

Rhubarb Pep: Cook slowly in 4 cups of water an equal amount of cubed rhubarb. When it is soft, strain through doubled cheese cloth. Add 1½ cupfuls of sirup made by boiling 2 cupfuls of hot water with 1 cupful of sugar for 10 minutes. Then add the juice of two lemons and of 1 orange, a pinch of salt, let chill. Pour the mixture into a punch bowl, add ice, and 2 cupfuls of ice water.

Raspberry lemonade: Cook for 10 minutes, 1½ cupfuls of sugar with 2 cupfuls of water. When this sirup has cooled, add 4 cupfuls of crushed fresh raspberries, juice of 1 orange and 3 lemons. Let stand in the refrigerator for 3 hours. Then serve, unstrained, and diluted with 1 quart of ice water.

Mintade: Place a dozen or 15 sprigs of green mint in the bottom of a punch bowl. Pour over them a cupful of sirup, made by boiling for 10 minutes a cupful of sugar and 2 cupfuls of water. Add the juice of 6 lemons, and thin slices of three lemons. Next put in a quart of crushed ice, and 2 cupfuls of ice water. From a considerably height pour into the mixture a quart of ginger ale and serve.

Apricot Punch: Before removing from the fire, a sirup of a cup-and-a-half of sugar and a cupful of water, add to it the juice and pulp of a can of apricots, rubbed through a colander. Let this chill, then add a pint of cider, the juice of 2 oranges and 3 lemons. Let stand in the refrigerator for 3 hours, before serving, diluted with a quart of ice water.

BETHANY.

Dr. and Mrs. O. T. Logan and children who have been visiting relatives in Marietta, Ga., will arrive here Wednesday for a visit before starting for their home in China, July 9. The children will remain in America.

Miss Daisy Parker has been suffering from a severe attack of appendicitis.

Mrs. Ernest Rice and children of Latham spent Saturday with Mr. and Mrs. Jim Hale.

Friends and relatives of Bob Warren gave him a complete surprise on his birthday, Sunday, June 29. About forty were present.

Glen Sharp is seriously ill.

FOR THAT LITTLE DIP

BY BETTY BROWN.

Absolutely gloriously new and unique in color and design is this stunning beach costume and bathing suit of citron-colored wool, striped round and round in black silk soutache braid. The cute little tights are cut like riding breeches, and the gold-colored rubber bathing hat is fringed like seaweed.

MEN WANTED TO GO TO SIBERIA

Need Not Have Had Previous Experience.

Sergt. Hellriggle of the local army recruiting station has just received two bulletins, one instructing him to conduct a special campaign during the next week to secure men for army service in Siberia. Three years is the length of this enlistment. Heretofore, men enlisting for this have had to have previous service but now this bar is thrown down and one can enlist in it whether he has had previous service or not. Another order is that all enlisting of men for the A. E. F. closes at midnight Thursday night.

What Is There More Interesting Than News of Definite Economies In Goods That Folks Need and Want Now?

JULY · CLEARANCE · SALE

Will Bring Just This Sort of News To You Every Day During the Month. It Will Profit You Greatly To Heed It.

As a rule, most folks need no urging to get them to attend a sale at this store. They know that whenever we announce a sale it is genuine, and that the savings they will effect are decidedly worth while. And this July Clearance is typically a Linn & Scruggs sale—an event of which you may take advantage with every confidence of securing truly out-of-the-ordinary values. Follow the example of hundreds of other women and share the excellent offerings now, before varieties have become depleted.

Think of Saving a THIRD on

Capes, Dolmans and Spring Weight Coats!

That is just exactly what you can do in this sale—and every garment is an excellent style, and of most dependable quality.

It will pay you to buy these garments now, for they may be nicely worn in the cool of the evening, and for early fall.

The reduction applies to the entire stock, formerly selling at from $25.00 to $125.00.

Silk and Georgette Frocks at the Same Reduction

And they are the newest and prettiest models of the season—frocks selling regularly at from $18.50 up to $75.

Typical Linn & Scruggs character is embodied to a marked extent in each of these garments—each is notable for its excellent styling and workmanship.

We advise you to take advantage of this offering before the very style you may want is taken by someone else.

Many Women Have Bought of These COLORED HATS at $3.50

And it is not strange, when one considers that the regular prices ranged as high as $12.50—and that the styles are just the sort most in demand now.

New braids, new styles, good assortment of colors. Take your choice for $3.50.

The Sale of Silk Remnants at Half

has attracted, and is attracting many women—so many, in fact, that if you expect to make a selection that is at all pleasing, you must do so at once.

There are several different kinds of plain, striped and figured silks in this half price collection, suitable for all purposes not requiring over two and a half yards.

Splendid Economy in Present Wash Goods

is embodied in a special group of silky cotton fabrics at 69c, which formerly brought all the way from 85c to $1.00 a yard.

They're all silk-and-cotton weaves, full yard wide, in such desirable cloths as Shantung pongees, foulards, brocades and chiffons.

Many women and misses are buying them for pretty summer frocks.

And the Foregoing are But Hints

of the many attractive offerings in this sale—mere "straws to show which way the wind blows." Every section of the store comes to the front with its best offerings, from the basement with its special discounts on fine glassware and china, all up through the main floor with its sales of ribbons, neckwear and other accessories, and up to the third floor drapery and wall paper.

Are you taking advantage of it to as great

CHIEF TAHAN'S TORY FOR KIDDIES

THUNDERBIRDS EYES MADE THE FIRST FIRE

HOW MAN CAME TO E A FRIEND OF FIRE

BY CHIEF TAHAN.
Of the Kiowa Indian Tribe.

Now, do you remember the story I told you about the Thunderbird and how he makes the thunder storms when he fights with the Rattlesnake? Well, one time he had the most terrible fight with him It was awful

Thunderbird got so mad in that fight that he opened and shut his eyes faster than ever be ore

Tl at made so much fire blaze out of them that it came clear down to the earth

Some of it went into a hollow tree at the top, and ran clear down to the roots of it, and stayed there

That was the first fire that was ever made

After awhile the Buzzard saw the black fire-breath comin_ out of the tree top and he told all of the animal people about the strange sight

Then all of the animal people held a council and talked a lon_ time for ey wanted to find out what the ing was and what it was good for

last they sent the Buzzard back t see about it He flew right over tu here it was and lit on the ground athe root of the tree

e saw something through a hole inthe tree and he poked his head thugh the hole to get a good look att but he didn t let his head stay in here very long

'en he flew back to the couhcil an told the animal people that he hught the thing wasn't good for anyling

Pity soon they all noticed that the re had burnt all of the feathers off is head

Th is the reason that the Buzzard head is bare

Th they sent the Owl to fetch the as about the thing with the blck eath that took feathers off

W he got back he could hardly see h yes were red and there were ring around them

The wind had blown the ashes into his face and eyes, had made the white rings which he can never rub off, and his eyes are red yet

All of this made the animal people belic e that fire is a bad Thing, and they are afraid of it yet.

After awhile a Man saw the black breath coming out of the tree top and he too was afraid of it, for he knew what it had done to the animal people The man stood away off from it for a while, then he crept closer and closer

Pretty soon it made him feel good and warm, for he had been feeling chilly

But when he put out his hand and touched the fire he drew it back quickly.

For it burnt one of his fingers

Then he went up and threw a stick at it just to see what the fire would do

In a little while the fire ate up the stick so that nothing was left of it

That made the man think that maybe the fire was his friend, for it took his gift

He went up and put a piece of meat on the fire but when it didnt burn it all up he took what was left of the meat and put it into his mouth and it tasted good

He thought it was the best meat he had ever eaten And that is how the man came to make a friend of the fire

The Explosion of an Ancient Legend

A LETTER received last week from one who signs himself "Constant User" asks why the Standard Oil Company (Indiana) insists that the gravity test for gasoline is a fallacy.

Not having his address we are answering the inquiry here.

When the Standard Oil Company (Indiana) began manufacturing gasoline the surest, safest, most practical method known for determining the quality of the product was by testing it with a hydrometer.

In those days all of the crude oil used came from a single locality. It was of the same base always and the products refined from it were uniform.

As the industry grew and oil wells were found in widely separated localities it was discovered that the crude varied so greatly even when taken from wells in the same locality that the hydrometer no longer could be depended upon to indicate the quality of the refined product with satisfactory exactness.

Some other system of measurement had to be used.

The chemical engineers employed by the Standard Oil Company (Indiana), who were asked to solve the problem, suggested that the boiling points of the several fractions, which go to make gasoline, would give the desired result. They would be constant and the usefulness of the product would not vary so long as the range of boiling point fractions remained unchanged.

The practcal usefulness of the suggestion was instantly recognized and the Standard Oil Company (Indiana) immediately adopted it as the basis of their manufacturing practice.

By making its product conform to the boiling point standard, it was possible to guarantee uniform results at all times, even though the hydrometer might show variation in gravity.

We know uniformity is of the most vital importance to the ultimate consumer. That is why we insist that gravity is of no value in determining the value of gasoline as a fuel, because it can not indicate the gaps.

The Standard Oil Company (Indiana) is steadfast in its endeavor to render the greatest service possible to the motoring public and it is constantly trying to so improve the fuel and oils it sells as to give to its patrons a greater value for the money they spend with it.

DISCUSS WAYS OF HANDLING WHEAT

Grain Dealers in Session in Springfield.

Ways and means of moving the great wheat crop that is just now being harvested were discussed at a meeting of the Illinois Grain Dealers' association, held in Springfield Monday afternoon. F. G. Horner of Lawrenceville, president of the association, presided at the meeting. Many knotty problems, which will soon confront the grain men, were taken up.

The articles of agreement between the government and the grain dealers which were submitted for their approval, were read by Bert H. Lang, second vice-president of the grain corporation, and assistant zone agent. They were then explained by Mr. Lang. The purpose of the agreement is to arrive at a just price for the grain brought into the elevators by the farmers.

WET WHEAT.

Mr. Lang told of the guaranteed price that the government had made to the farmers, and was explaining the manner in which the grain dealers might best co-operate with the zone agent's office and the grain corporation in order to move the crop rapidly and place it on the market. He spoke of the danger of harvesting wet wheat this coming season, and gave the instructions that the elevator men are to follow when such grain comes into market.

The wheat is to be graded and when the farmer brings it to the elevator the grain dealer can make an estimate as to its value and grade and offer the farmer a certain price, with discount for the inferior grades. If the farmer protests at the price offered, or if there is objection as to the classification samples of the wheat are to be sent into the zone agent's office, where a test will be made and a price named that the grain dealer must pay for that wheat.

SOME DISSATISFACTION.

Discussion of the agreement was held by members of the association, with Mr. Lang answering all inquiries. Some dissatisfaction was expressed by the elevator men that the government was not guaranteeing them the protection that they needed in moving the crop. Questions as to whether the elevator men had a right to refuse to accept the grain if the farmer objected to his price, and as to what should be done in case a buyer had purchased a farmer's output, and had stored it in his elevator and was prepared to ship it out, and then should be told by the zone agent that the price he had paid was too low.

It was almost universally agreed that the owners of elevators could not afford to move a farmer's crop on the commission basis, since they are not assured that a farmer will have a carload of grain.

GUARANTEE NOT MANDATORY.

The agreement presented by Mr. Lang is not mandatory upon the elevator men of Illinois, but he explained that it was necessary that every man obtain a government license, and if dissatisfaction became too prevalent among farmers, the regulations might be written into the articles of the license. Information on the agreement was sent out in a circular by Wheat Administrator Barnes and Monday's meeting was called to discuss its provisions.

ABOUT TOWN

IF YOU are driving a fine new car and are touring it may pay you to leave it around the corner when you come to a new town and expect to stop at one of the hotels.

The sight of a touring party driving up to the front of the hotel in a big high priced car sometimes gives the man on the desk at the hotel a tendency to lift prices.

On a recent trip from Buffalo, N. Y. from which place George Ehrhart was driving a Pierce-Arrow car to Decatur, he stopped at a hotel but when the clerk sized him and his car up and asked six or seven dollars for a room without bath, just a very ordinary room, the Decatur man objected.

The clerk indiscreetly remarked that he should not think a man who drove a Pierce-Arrow would object to the price and Mr. Ehrhart bristled up with the remark that "This one does," and went around the block to another hotel where he secured a better room for half the price asked at the first place.

WHAT constitutes luxury is variously interpreted but when a young man who looked vainly at a number of stores for an old-fashioned bone collar button and finally was compelled to buy one of those imitation gold affairs which are sold from five to twenty-five cents, depending somewhat on the conscience of the seller, was charged a war tax on the ground that it was included under the luxury revenue law, the word seems to have reached its limit.

What does Uncle Sam expect us to use, safety pins?

And what has become of the old-time bone collar button? Many men do not care to wear metal buttons which in spite of "pearl backs," "heavy gold plate" and other "improvements" continue to leave a greenish, bluish, yellowish spot on the neck of the wearer.

WHEN you talk by long distance to Chicago you use a "phantom circuit." Many have thought that phantom circuit existed right at home when things do not go exactly right in the telephone service but the "phantom circuit" is an actual thing, if anything called by the name of phantom can be called real.

J. H. Culver, head of the Douglas County Telephone Co., and Fred Kelly manager of the Decatur exchange, were talking to gether on a street corner the other day when Henry D. Spencer walked up with the remark:

"With two telphone men here together I wish you would tell me why when I talk to Chicago I can hear so much more plainly than I can when I talk to some one at Maroa or some other nearby town."

"That's easy," said both telephone experts. "We give you a phantom circuit" when you talk to the big city.

This circuit is, says the telephone experts, what its name implies.

Two, three or even four wires are employed in the creation of it but that the sound impulses go over any of the four wires used is doubted by telephone men. They are carried along, by the combined current running over the four wires, of three as the case may be, and not on any one of them.

Sounds rather mysterious but Mr. Kelly stated that that is the way very long distance talks are carried on. No single wire could carry the current necessary for a conversation between New York and San Francisco and four wires are used in that distance.

Dorothy — Teddy, your mamma is calling you and I'll bet she's mad.

Little Edward—No her ain't, 'cause if she was she'd be calling "Edward."

Car Owner Who Never Washes Hands

Among motorists one sees many strange sights, but the strangest to us was to watch one the other day change tires out on the muddy country road. When through with his dirty job we wondered what he would do to make himself again look like a white man, for he was far away from the nearest house where wash basin and water could be obtained.

All of this seemed to worry him but little. When through with his job he took from his car a can containing a soft, white, butter-like substance, rubbed a little over his hands, wiped them off with a rag, and behold, they were as fresh and clean as though he had just scrubbed up with the finest toilet soap in the washroom of his Club.

"SPEE-DEE," he stated was the name of this wonderful cleanser, and he went on to say "I never wash my hands when they are really dirty and grimy, but just use SPEE-DEE. If water is near, well and good. If not, it does not worry me, for you can use SPEE-DEE with equal results either with or without water."

SPEE-DEE has a hundred other household uses, too, for washing fine woolens and laces, painted walls and wood work, fine rugs. It cleans without rubbing, without slightest danger to finest fabrics, finished surfaces or hands. SPEE-DEE is really a wonder. Contains no grit or harmful ingredients of any kind.

It's Ridiculous

Even for a moment to question whether Millikin University has been worth while to Decatur.

There were subscribers to that first campaign nearly 20 years ago whose gifts turned out to be 500 per cent investments.

Go over the list of those early givers, the men who had faith in James Millikin's vision, and you can name man after man who secured a direct financial benefit as the result of the establishment of the college in Decatur. The indirect benefit was even more widely spread. There is not a single sensible person who will not admit that Millikin has enriched Decatur.

Does Decatur Today Have Less Faith In Millikin?

That $100,000 raised in 1900 came slowly and was only secured by a struggle. The first $200,000 of the contingent fund of $400,000 for which we are now striving came infinitely easier. Shall it be said that the Decatur of today, which has seen the remarkable growth and accomplishments of Millikin, has less faith that the men who staked their money on the realization of Mr. Millikin's dream?

There can be but one answer. Events have proved that an investment in Millikin is safe and profitable. Decatur will give even more generously to the extension of its opportunity than the Decatur of 20 years ago gave for its founding.

We are on the last lap. Again we urge you to volunteer your pledge in order to save time and bring the campaign to an early end.

Early Campaign Taught Decatur How to Give

From Decatur Herald, June 29

Members of the committee who have been giving ungrudgingly of their time and efforts during the last month in order that Millikin university may live and come into its full destiny could find new courage for their task in the history of the first Millikin drive.

The raising of the first $100,000, Decatur's share of the fund needed to meet the conditions of James Millikin's offer to establish the institution, was a harder task than the raising of $400,000 now asked for can possibly be. Of course there are several obvious reasons. The Decatur of 20 years ago was only half as large as the Decatur of today. The campaign was not a Millikin university campaign, for there was no university as a visible example of the benefits to be expected by the city. It was a campaign for "the proposed industrial school," existing only in vision.

Even with these facts taken into consideration, however, the contrast between the present campaign and the first one shows that during the years which have intervened, Decatur has learned to give and has prospered to an extent which makes the average subscription of 1900 insignificant in comparison with that of 1919.

SPORTS

FIGHT DETAILS ALL COMPLETED

Men Will Enter Ring Bare-handed.

NOT TO OIL BODIES

Special Arrangements for News and Pictures.

Toledo, July 1—Jess Willard and Jack Dempsey will go into the ring for the heavyweight championship contest here Friday with bare hands and all bandaging and taping will be done in view of the spectators and seconds of the heavyweight rivals. This announcement was made today by Tex Rickard, promoter of the contest. The decision to request the boxers to bandage their hands in the ring is regarded as a victory for Willard, who protested against Dempsey's plans to adjust the tape and bandages on his hands while in the dressing room.

What amount of tape and bandages will be used has not been determined, but Willard said that he would insist upon a thin layer of cotton surgical bandages and only enough tape to hold the bandages in place. Rickard and the referee, Ollie Pecord, probably will make a decision in this regard tomorrow.

ALL PLANS MADE.

Final arrangements regarding the details of the big contests were completed at a conference between the boxers, managers and Rickard and each camp knows just what is expected of the principals and their seconds. The boxers will wear specially made five ounce gloves and each will be allowed to have five seconds in their corners, including the manager or advisor as the case may be. The toss for choice of corners will not be made until the day of battle.

Willard inquired whether Dempsey intended to grease his body as he heard was being done previous to the daily workouts. He said that it did not make any difference to him which way the challenger appeared provided he knew in advance and could do likewise.

NO OILED BODIES.

Dempsey told Rickard that he had never greased his body at any time and had no intention of doing so for the championship bout. This statement cleared the situation and there will be no anointing the body with oily matter at any time during the last few hours before the clash. While this is a favorite trick of wrestlers it is not the usual custom among boxers, although offering certain advantages in a long fight. The oil or grease comes to the surface when the athlete begins to perspire and soon it is impossible to secure a firm hold or clinch.

Elaborate preparations are being made to report the coming contest. The record established at Reno with the newspaper writers and photographers for the Johnson-Jeffries fight will be easily surpassed here. Sport and specialty writers from all parts of the country and Canada are present or en route and hundreds of seats have been reserved in various sections of the arena for their accommodation. There will be more than fifty wires set up at the ringside to carry the reports from the scene of the conflict to every portion of America and to cable points for European service.

GETTING PHOTOGRAPHS.

Special airplane service for the photographers has been planned and from these low flying planes expert cameramen, some of whom served in the same capacity with the army abroad, will take film of the fighters in action and the scenes in and around the arena. Immediately the contest is finished several of these planes plan non-stop flights to Chicago and New York in order that the photographs may be available for reproduction in Saturday papers. The most ambitious proposal, however, is a scheme to fly with the pictures to the Pacific in two relays.

These photographs will have no connection with the moving pictures taken at the ringside for exhibition purposes. The movie men will occupy a platform erected on a high steel tubular column from which they can film the ring scene and every portion of the fight stadium.

Another Handicap Jack Dempsey Will Be Under July 4th—That Right Eye

BY FRED TURBYVILLE.

Toledo, O.—It is only a scar today but all hands in the training camps have been warned to keep hands off.

Speaking of the right eye of Jack Dempsey and the long white scar that takes the course of his eyebrow. It is noticeable to anyone who can get near enough. The eyebrow has been mostly shaved off and the scar shows white and prominently against Jack's sunburned skin.

The cut was made by the Jamaica Kid, using a twisting, skintearing punch in a training session. That was many days ago, but it put Jack out of the ring for a couple of weeks. It is all healed up now, but the skin is not as strong as it was. It can be easily opened with another of these twisting blows, cross-wise or traveling upward.

It is a bugbear in the Dempsey camp. Jess Willard knows all about it and no doubt he'll be plugging away at that very spot in the early rounds July 4th.

If he succeeds in opening up the old wound Dempsey will bleed. The blood will run into his eye and blind him. That is a terrible handicap for a fighter to encounter right at the start of a championship bout.

Wise old Jimmy DeForrest, Dempsey trainer, kept Jack out of the ring many days after the wound had healed. He realized the danger of the cut and believed it best to sacrifice some days of ring work.

Jack was impatient to work. He is like a fighting bulldog. When he scents action he wants some of it and he gloomed over the fact that the crowds were taking in the Willard workouts every afternoon.

But DeForrest knows best and what he says goes. Jack chaffed a little, but he had to mind. The cut healed but to say that the spot is as good as ever is too optimistic for the most optimistic of the Dempsey staff. They know that a bad eye is a handicap.

It will be a touchy spot with Jack and no doubt he'll be guarding it carefully at all times. This may leave other spots open to the ham-like fists of the champion, and if the champion ever connects solidly it may mean another challenger brushed aside.

REPORTS DIFFER ON DALTON GAME

Each Team Sends Report so Take Your Choice.

The Dalton City and Macon ball teams met at Dalton City Sunday afternoon. From this point on, fans can take their choice of reports coming from the two places. Dalton City, in its letter says, "Dalton City defeated Macon, 10 to 6. Hard fought game. Dalton City got 12 hits, made two errors. Macon got five hits, made no errors."

Macon sends in a late report that a double header was played, Macon winning the first, 7 to 4, the second game going to Dalton, 9 to 6 "chiefly through the untiring work of the Dalton umpire. Macon got ten hits and made four errors. Dalton got seven hits and made four errors."

We're twelve miles away and neutral.

"Your wife talks to you right smartly at times."

"Yes, sir, she does so, sir. That woman once won first prize at a school of elocution."

CAN OPENERS.

Word comes from some of the wholesale districts that there is pretty sure to be a shortage of canned goods this fall, that is there will not be enough to meet the demand The canneries may put up more goods than ever before likely will, and yet the supply will not be sufficient

One can believe this Mirandy in Good Housekeeping remarks in disgust that the housewives of today are not cooks, 'dey is only can openers"

Just step into a grocery store and day you have a few leisure minutes and have a look at the nature of the stock carried in full view Try to recall the grocery store of only a few years ago You will note a change in the appearance of the land scape

The shelves are now filled with canned goods About everything that man eats is now put up in cans One grocer in Decatur remarks that as yet he has not been offered canned Irish potatoes but he is looking for them They have had canned sweet potatoes for some time

This change has come on us with a great rush and it must be that it is welcomed by nearly everybody judging from the stocks that have to be carried to supply the demand

Those who hang over from an older day continue to speak of the delights of home cooking But the younger generations cooking in this country is mostly done in the canneries

One is not surprised to learn they haven't been able to build canneries fast enough to keep up with the demand for tinned goods Likely there will be a shortage for two or three years to come for it will take about that long to get in shape to let a family have canned living three times a day all the days of all the years

WIND HIM, TOO.

Bethmann Hollweg former chancellor in Germany, asks that he be substituted for William Hohenzollern in any court proceedings that may be contemplated

Bethmann Hollweg says that in law and in fact he is the one who should be held responsible for any offenses committed in the name of German policy during the first three years of war Therefore he asks that no trial proceedings be started against Hohenzollern but that the Allies lay all at the door of himself

There is a difficulty about this arrangement. The Allies may decide they want Bethmann Hollweg as well as the former kaiser It isn't unlikely that in the slow grinding of the mills both men will be called on to answer for their many sins

In other words, there doubtless is enough to hold Bethmann-Hollweg on his own account He may have all the sins he can answer for, without taking on any from others

One suspects that Bethmann-Hollweg will be kept reasonably busy answering for his own misdeeds He is the fellow who early in the proceedings pronounced the treaty with Belgium a "scrap of paper That is how bad he was at the start presumably he got a little worse as the war progressed

It is just possible that when he gets through answering for himself there will be none of him left to answer for another He is bankrupt

RUNNING TO SEED.

Congressman McKinley has offered a bill in the house at Washington to place an import duty of 10 cents a bushel on corn On the day he took this action July corn was selling in Chicago at $1 78 and December corn the coming crop, was $1 53

It may strike an innocent bystander that if in this situation there is anybody who needs encouragement it is the fellow who is to consume corn

And few of us are disposed to view farming in Mr McKinley's district as an "infant industry" The old notion was that protection was needed to assist and encourage the infants.' But it is hard to see how this doctrine is to apply in this case

Some one comes with the suggestion that senility as well as infancy needs protection The idea is that some of these industries are getting into their dotage, therefore will have to be helped along the rest of their days if they are to stay out of the poorhouse

But not even this applies to the farmer who is growing corn in the Garden Spot He is neither an infant nor a dotard as a matter of fact he is in his young prime and is going good and strong

Then what is the idea anyhow"

LAST OF THE ROMANS.

A prairie schooner' stopped a short while in Decatur Saturday It was on the way from New York to San Francisco A crowd gathered quickly to have a look at the queer craft

The people in the craft left New York the first of May and expect to get to San Francisco the latter part of September That will be about five months for the trip

They asked the pilot why he didn't trade his team and schooner for a Ford and make the trip in four weeks His wife answered that they preferred to be outdoors a long time They were happy as it was, so why take foolish chances?

Well there is a family that isn't in a hurry Somehow it has managed to escape the general fever that afflicts this age It is pleased to take five months to cross the continent when it might do the turn in fewer weeks These people may be getting something out of life that the rest of us don't know is to be had

TWO-CENT POSTAGE.

You ought to make it a point to write a letter today and direct it to some one who lives outside the city In this way you can celebrate the return of 2 cent letter postage

Also you can today and tomorrow, and until further notice send a postal card at the cost of 1 cent It means the war is over That is it is over for the one whose great specialty is letter writing

For others there will be reminders of the unpleasantness for a long while to come There is some talk of paying off the war debt in twenty five years, but when they do get it paid they will have some other expenditure to take its place

And please remember that it still takes 2 cents to carry a letter here in the city Some may be inclined to get a notion that as letters to the outside go for 2 cents those in the city may go for one This is not in the arrangements and be sure to get it straight

WILL TELL HIM THINGS

Some time ago officers told Russell Wheeler that he must not drive a car again unless his father is along He was told this after he had got into a few mixups

Sunday evening last he was out again at the wheel of a car He proved a dangerous driver for others on the road Now they have him under a $400 bond to appear before Justice Noble and answer to his doings

Also there is intimation that state officials will this time take a hand in Mr Wheeler's case and they may have several things to say to him If a man will persist in breeding trouble he usually gets accommodated

BEST IN THE WORLD

When President Wilson stepped aboard the George Washington, to return to this country he first shook hands with Captain McCauley and remarked 'This is America'

And so it was He was then aboard a ship flying the flag of this country and he was homeward bound It made him feel better feel like saying something

They tried to make life pleasant for him in France something he appreciated and was thankful for but he had a gladder feeling as he stepped on American soil

America the best country in the world That tells a big story

If you are able to do five miles in the early morning before breakfast, you are expected to register for the hike that will be led by Adolph Mueller Friday morning Better try it on for it may prove to be some celebration

The department of justice at Washington will not trouble itself about the sale of light beer and wine It figures it will have some thing else to keep it reasonably busy

Not everything in this town will be closed on Friday, the Fourth. The telegraph wires will be manned properly and you can get returns from the big fight at Toledo.

The state tax commission starts today, and it understands clearly it will have to make a better showing than the discarded equalization board.

From The People

About Coal Shortage.

Editor Review—I see Mr Peabody of Chicago says "Nation Facing Coal Shortage Now I am no miner, never have been in a mine and know nothing about mines only what I read and observe It seems to me that if the mines would give the miners work now and get out the coal and store some themselves all this shortage could be averted They are making the profit, not the consumers but yet they ask the users to store now

They are predicting car shortage this far in advance Why don't they get busy and go down, or as far as it is up to any storage track and move the coal cars that are stored there Last fall I was in Franklin county and mines were closed down on "account of car shortage" I went from there to St Louis and saw in storage tracks I expect 500 empty coal cars I left St Louis and went to Chicago and from there to Detroit At Chicago I saw an equal amount of cars and all along the route we could see from the window, empty coal cars and yet all the operators were putting up the talk of car shortage They could get the cars if they had wanted them

The owners of the Diamond mines of Benton, Ill said that before the war if their creditors had closed on them they could have paid possibly 50 per cent of their liabilities, but now since they haves been allowed and have taught people to expect high prices that they had wiped out all debts and were on easy street

The poor people will not stand the increased cost all the time The worm will turn some time in self-defense and look out then Berlin with all its strikes will be a paradise to this United States

Now we all know that this Mr Peabody is a big producer and it is to his interest to get this before the public helps his business and the newspapers are grinding his axe for him by printing his stuff That is part of the business of teaching the people to expect high prices"

Cut out the comedy and put the miners to work and let the mines build storage bins or grant credit to the retailer so he can store his bins with coal to be paid for when the poor consumer can collect enough money together to buy a cellar full or a winter's supply The will be able to pass the buck on something else now that this war is over so I expect this statement of Mr Peabody's is one of the many excuses the operators will have to cut out Car shortage is the first I just wonder what will be the next

"TALKED BACK" TO OFFICER, JAILED

S. E. Goldstein of Decatur Held in Shelbyville.

Shelbyville, July 1—It doesn't pay to "sass" the officer—in Shelbyville. S E Goldstein of Decatur found this out Monday afternoon and during a couple of days' "rest" in the county jail, pending his trial on Wednesday on a charge of running an automobile without a license, will have time for reflection.

SAY HE "SASSED" OFFICER.

Goldstein, who stated that he was from the Comet Automobile company of Decatur, was observed by Deputy Sheriff Sidney R. Biggs running his car without a license number. Accosted by the officer and asked to explain, Goldstein is said to have given Biggs a "bawling out," whereupon the officer placed him under arrest and took him before Police Magistrate Lafe Tallman There Goldstein demanded a trial, and the hearing was set for Wednesday Unable to furnish the bond required, Goldstein was committed to jail.

Goldstein explained his lack of license number by stating that the Comet people have twelve dealers' licenses, but that they were all in use and others for which they had made application had not arrived before he started his trip to Shelbyville

METHODIST PREACHER LEAVES

Rev. M G. Coleman left Monday afternoon for Danville, where he will assume his duties as financial secretary of the Lakeview hospital of that city, under a year's engagement His special work will be to advance the institution from a $200,000 plant to a $2 000 000 hospital The hospital has been in operation for fifteen years, is firmly established, but is not able to meet the demands made upon it, hence the purpose to enlarge it. Forty nurses are graduated from the institution this month

CHANGE DATE FOR I. N. G. ENCAMPMENT

Date Expected to Be Made Later for Tenth Regiment.

General Frank Dickson has made a change in the dates announced recently for the Tenth Illinois National Guard going into camp, but just what the new dates will be, Captain Lee Cline of the local company does not know. He understood the dates were to be changed to later ones because it would be impossible to get all the equipment by Aug. 16, the date set for the opening of the Tenth regiment encampment. Captain Nunan of the Champaign company, however, had word that the dates were to be moved forward to Aug. 9 to 16. Captain Cline expects to hear in a day or two.

The entire regiment is being equipped with 1903 moldel Springfield rifles by the U S Government. New clothing for the regiment has also been purchased.

Highly magnified drop of blood of anaemic woman showing lack of healthy red corpuscles

Plenty of Iron makes rich red corpuscles like these.

Dr H B Vail formerly Physician in the Baltimore Hospital and a Medical Examiner says Throughout my experience on Hospital Staffs and as a Medical Examiner, I have been astonished at the number of patients who have vainly doctored for various diseases, when in reality their delicate run down state was simply the result of lack of iron in the blood Time and again I have prescribed organic iron—Nuxated Iron—and surprised patients at the rapidity with which the weakness and general debility was replaced by renewed feeling of strength and vitality. I took Nuxated Iron myself to build me up after a serious case of nervous exhaustion The effects were apparent after a few days and within three weeks it had virtually revitalized my whole system and put me in a superb physical condition"

Dr T Alphonsus Wallace a physician of many years experience in this country and abroad says I do not make a practice of recommending advertised medicinal products but I have found Nuxated Iron so potent in nervous run-down conditions, that I believe all should know The men and women of today need more iron in their blood than was the case twenty or thirty years ago This because of the demineralized diet which now is served daily in thousands of homes and also because of the demand for greater resistance necessary to offset the greater number of health hazards to be met at every turn"

Manufacturers' Note — Nuxated Iron which is prescribed and recommended time by physicians is not a secret remedy but one which is well known to druggists everywhere Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth make them black nor upset the stomach The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money It is dispensed in this city by Decatur Drug Co and other druggists

SUFFERED WITH RHEUMATISM, CATARRH AND STOMACH TROUBLE

"I think 'Number 40 For the Blood' has a blood purifier has no equal. When I began to take 'Number 40' I was in very poor health as I had Rheumatism, Catarrh, Stomach Trouedy to relieve. I have taken six bottle, Lead Poisoning, and an Itch that I had tried almost every known remedies of 'Number 40' and am on a fast road to recovery. I owe my life to it as I used to weigh 127 pounds and now weigh 148, my usual weight. I could write more but this should be enough to convince the most skeptical, and you are at liberty to use this letter anyway you desire." George Klinker, Lima, Ohio.

The ingredients in "Number 40 For the Blood" are set down in the U. S. Dispensatory and other reliable medical books as follows: "Employed in diseases of the glandular system, in blood poison, constipation, stomach and liver troubles, chronic rheumatism, catarrh, sores, ulcers, skin eruptions, mercurial and lead poisoning. Under its use nodes, tumors, scrofulous swellings that have withstood all other treatment disappear as if by magic."

RETURN FROM TWO WEEKS' AUTO TRIP

Englands and Greiders in Mud and Water.

MR. AND MRS. C. E. ENGLAND and daghter, Dorothy, and Mr. and Mrs. H. D. Greider and daughter, Lucile, returned home Monday night from their automobile trip. They have been away two weeks, and had a delightful trip.

They first visited Indianapolis, then went on to Toledo and Detroit. They also were at Maxenkuckee Lake, Ind., and stopped in Chicago on the way home.

Between here and the Indiana line they encountered some muddy stretches of road and in some places had to go through regular lakes of water. Several times the water was up over the running board.

Walker Mills, son of Mr. and Mrs. L. A. Mills, who has been in France for about two years, is expected home today. He arrived in New York several weeks ago and was sent first to Camp Upton and then to Camp Grant. He expected to receive his discharge Monday, and reach Decatur today.

DECATUR people, in looking at the pictorial section in last Sunday's New York Sun, recognized a picture of Captain Samuel Powers in a group picture taken in Berlin. The picture was taken in the Goethe Garden, Hotel Adlon, Berlin. Others in the group are Major C. B. Cannon of the American Commission, Lieut. Udett, Germanys premier ace; Lieut. Colonel Doniat, U. S. A.; Capt. Loerzer, Germanys second ace; P. M. Powers of the Associated Press; Capt. Curtiss, U. S. A. and Earl von Wiegand, Sun correspondent in Berlin.

Capt. Powers has been in the service in different branches for a long time. Before going abroad he was in the intelligence department. He has been in Berlin now for the last six of seven months.

The Sunday issue of the New York Sun contains another item of interest to Decatur people. It regards Miss Thelma Given, who is now at Saranac Lake, N. Y. The item under Saranac Lake date line, follows:

"That some interesting musical events will develop in connection with the summer season here now seems likely, for several artists are among those assembling in the cottage colony. Miss Thelma Given, of New York, violinist, is here with her parents, Mr. and Mrs. J. F. Given and her brother, Eben Given, portrait painter. They have leased for the season Spion Kopf, an estate in the outskirts of the village. Miss Given was a pupil of Professor Leopold Auer."

Donald Mewhinney of Terre Haute is the guest of F. C. Roby. Mr. Mewhinney and Mr. Roby were schoolmates at the Army and Navy Preparatory school at Washington, D. C., where the former prepared for and passed his examinations for the U. S. Naval academy, and Mr. Roby for Dartmouth.

Mr. Roby graduated from this school with the highest record made in the history of the last two years at the school.

Reading circle members enjoyed their meeting Tuesday morning at the home of Mrs. S. M. Lutz in Oak Crest, where they had opportunity to gather under the shade of the trees. The women had their usual reading and the outdoor surroundings made it especially enjoyable.

Following the usual driving contest of the women golfers at the country club Wednesday afternoon there will be a flag tournament. For the women who do not care to golf, there will be bridge, as usual.

MISS MARY ROSS WEDS L. N. WILLIAMS

Ceremony Performed in Bride's Home by Dr. J. W. McDonald.

The marriage of Miss Mary L. Ross and Lynn N. Williams both of Decatur, took place at 8 o'clock Monday evening in the home of the bride's parents, Mr. and Mrs. J. T. Ross, 959 North Main street. Dr. J. W. McDonald performed the ceremony. The wedding march was played by Miss Letitia Ross.

Mrs. Martha Dempster, who was the bridesmaid, wore a white georgette dress and carried a bouquet of roses. Normon Dempster was the best man. Mary Leola Ross, the flower girl, wore white organdie and carried a basket of roses. The bride wore flesh georgette.

Following the ceremony, a wedding supper was served to the intimate friends, who were the only guests at the wedding. The color scheme of pink and white was carried out in the decorations. After spending their honeymoon at Crystal Lake, the young couple will make their home in Decatur.

WILLIAMS-McCARTY.

Logan Williams of Centralia and Edna F. McCarty of Altamont were married in Decatur Monday afternoon, the ceremony being performed by Judge J. H. McCoy at the court house. The bridegroom is a miner.

Maid of Honor.

Miss Ila Stigall of Decatur was maid of honor at the wedding of Miss Jamie Whitt and Darrell Simpson in Champaign Sunday afternoon at 3 o'clock. Rev. S. E. Fisher performed the ceremony.

Miss Stigall is a cousin of the bridegroom.

BIG YEAR CLOSED BY IONIC LODGE

Has Conferred 282 Degrees, Setting Record for Decatur.

The annual installation of officers of Ionic lodge, A. F. & A. M. was held Monday night at Eldorado temple. There was a large attendance at the installation. Past Master A. R. Reynolds officiated as installing officer and was assisted by M. L. Downey as marshal and C. O. Clendenning as chaplain. Following the installation there was a social session during which refreshments, ice cream and wafers, were served.

E. O. Brintlinger, the retiring worshipful master, was presented by the lodge a past master's jewel and a handsome bouquet. There were present at the installation Amos T. Davis who took his degrees as a Mason in Mt. Pulaski in 1857 and Richard Hixon of Macon Lodge No. 8 who took his degree Aug. 7, 1869, the day of the great eclipse. Both of them were presented bouquets.

CLOSE BIG YEAR.

The installation marks the close of the biggest year in the history of the lodge. Two hundred and eighty-two degrees were conferred during the year and this not only marks a new record for Decatur, but it is believed that it does for the state. The large number of accessions for the year is partly attributed to the many soldiers that took their degrees just before going into the army.

The officers installed were as follows: A. C. Acton, W. M.; L. C. Cloyd, S. W.; A. C. Lehman, J. W.; C. R. Stevens, treasurer; R. F. Davidson, secretary; H. C. Whittaker, S. D.; T. J. Casley, J. D.; A. V. Penney, S. S.; G. L. Miller, J. S.; R. S. Davis, marshal; G. R. Bicknell, organist; Theodore Coleman, tyler.

PLAN FAREWELL FOR FR. CROWLEY

Will be in K. of C. Council Rooms Wednesday Night.

The Decatur Council, Knights of Columbus, have arranged for a farewell reception to be given in the local council rooms Wednesday night in honor of Rev. Father Crowley, assistant pastor of St. Patrick's church. Father Crowley leaves Thursday to assume charge of the parish at Shelbyville.

The affair will begin at 8 o'clock and an informal program will be held in connection with it. Members of both the Decatur congregations are invited to attend the affair.

MARRIED RECENTLY

Mr. and Mrs. Albertice Harder.

Miss Esther Horton and Albertice Harder were married last Friday in the home of the bride's parents, Mr. and Mrs. J. K. Horton in Garrett. They will live in Garrett.

MILITARY MEN ON WOODBINE PROGRAM

Chautauqua to Open Aug. 21 and Run 11 Days.

Eli Ulery, owner of Woodbine park and head of the Chautauqua association there, was in consultation Tuesday with J. H. Shaw, of Bloomington, director of the chautauqua for this year, regarding the program for the meeting this summer. The opening date of the chautauqua this year is Aug. 21 and it runs for eleven days, closing Aug. 31.

Mr. Shaw, during the war, was one of those at work in Washington, on the speakers bureau and through his connections there he has secured a number of prominent military men to speak through the chautauqua circuits in the middle west. These officers will make these talks as part of their military duty and the man assigned to the Woodbine association is Brigadier General W. K. Naylor, at Camp Grant, who saw much service in France.

His subject will be "The Greatest Army in the World."

OTHER SPEAKERS.

There will be other prominent speakers and it is expected that the attendance this year will exceed all others.

One day will be known as Decatur Association of Commerce day and the members of that organization will be invited to attend particularly on that date when special speakers will be secured to discuss subjects in which the members are specially interested.

ANNUAL DINNER SERVED SUNDAY

St. Teresa Ursuline Association Elect Officers for Year.

The St. Teresa's Ursuline association had its annual dinner Sunday evening at St. Teresa's academy. The dinner was served at 5 o'clock, with about sixty present.

Following the dinner a number of talks were made, speakers being Father Murphy, Father Smith, Father Neugent, Father Crowley and Miss Rose Reid, the retiring president.

The following officers were elected for the coming year:

President—Alice Byrne.
Vice President—Leona Hise.
Secretary—Madeline Moran.
Treasurer—Emily Reddington.

A. OF C. DIRECTORS PLAN NEXT TOUR

Also Want Landing Place for Airplanes.

The success of the first sociability tour of the Association of Commerce when they recently went to Springfield and back, visiting the towns on the two routes, led to a discussion of the next trip at a meeting of the board of directors Monday night.

A tentative date of July 18 was set and it is proposed that the trip this time be the circle tour indicated by Pana and Taylorville as the pivot points of the day's journey.

AT CHAUTAUQUA.

In response to a letter of invitation from the Woodbine Chautauqua management it was decided to make one day there an Association of Commerce day probably one of the two Thursdays coming during the ten days of the meeting.

T. W. Boruff, as chairman, with Bert Neustadt and John L. Bennett, were made members of a committee to locate a landing place for airplanes near Decatur. A field of about twenty acres, free from telephone wires and trees, is needed for this purpose.

JUNIOR NAVAL RESERVE.

Admiral C. B. T. Moore placed before the directors for their consideration the establishment of a United States Junior Naval Reserve unit in Decatur. This unit would include boys from 14 to 18 years. The matter was referred to a committee for further investigation.

An invitation to the local association to send a delegation to a congress to be held at Alberta, Can., Aug. 13 and 14 was discussed. Anyone wanting to go as a representative of the Decatur association to the Canadian congress should make it known to the secretary.

W. W. Woolums and the Princess Confectionery were admitted to membership in the association.

SCOUT LEAGUE TO OPEN WEDNESDAY

Troops 7 and 8 Meet in First Game Under Supervised Play.

The baseball game scheduled for Tuesday night between Troop 4 and Troop 1 which was to have opened the season for the Boy Scout league was postponed. The Scout league will open Wednesday night with a game between Troops 7 and 8. The game will be played in the Fairview diamond and will begin at 5:30.

SCHEDULE.

Next week's schedule for the Scout league will be as follows:

Tuesday, July 8—Troop 10 against Troop 14.

Wednesday, July 9, Troop 6 against Troop 11.

Friday, July 11—Troop 1 against Troop 4.

The scout league games begin in all cases at 5:30.

The Junior league opens its season Thursday afternoon with a game between White Sox and the Comet Juniors.

Isadore Newman, manager of the West End Sluggers, and Gilbert Hyaland, manager of the Junior Yanks will meet with Director A. D. Jones as early as possible and arrange a date for Monday night's postponed game.

LEAVES ENTIRE ESTATE TO WIDOW

J. P. Drennan Will Made in August 1906 Filed for Probate.

The will of John P. Drennan was filed for probate Monday afternoon. The entire estate is left to the widow, Mrs. Winifred E. Drennan, as her absolut property, and she is named as executrix without bond. The will was executed in August, 1906.

PUBLIC ADVISED TO BUY COAL NOW

Price to be Advanced and Miners Need Work at Present.

'The warning of the fuel administration that more coal should be going into storage now should be heeded said a man who handles coal in Decatur, but who is not interested in the Decatur mines

The mild winter last season just about enabled people to use up their surplus stocks and unless there is a filling of basements between now and September there likely will be a shortage in Decatur as well as in other places

PRICE TO ADVANCE

"There are several reasons why the consumer should put in his coal now First, coal is almost certain to be higher Every indication now is that the price will advance because of the steady advance in the costs of labor, transportation delivery

'In the next place there has been a loss of miners for various reasons one being that thousands of alien miners are now returning to their old countries in Europe and it is not unlikely that the rate of increase will grow as peace comes definitely and freedom of travel is resumed Many of these miners have relatives in the old country who are in distress and dire need They feel that perhaps they can give more real help if they are on the ground with their own money to rescue their people from poverty and misery Then again many miners have been lost to other industries and of course there are many still in service

NEED PRODUCTION

'Production is now at a low point and it should be encouraged by those who can possibly do to so putting in their supplies of fuel They will gain by it and so will the country through this releasing of the mines to the heavy demand which will come next fall We cannot expect such a mild winter again

RICH TODAY— BROKE TOMORROW

The man of affairs today is very apt to become the man of tomorrow. Why? Because of the mutability of business affairs, the demoralizing influence of unforseen developments and the destroying power of events which cannot be foreseen. There, you have the reason why over ninety per cent of the men who start life with hope and health either leave dependent families or reach old age dependent upon others.

The humiliation and tragedy of "dependence" may be escaped and the danger of "broke tomorrow" avoided through the help of old line Life Insurance. It has saved thousands of lives, homes, businesses and estates for the heirs of men unexpectedly called by death. Its loan value has saved thousands of homes, businesses and estates for men who were suddenly faced with the effect of un-for-seeable events. It has made the old age of thousands of men and women comfortable and happy. It has sheltered countless thousands of women and has been a tremendous power for human uplift in the millions of children it has fed, clothed, sheltered, educated and given a chance. It is the most steadfast friend on earth as it is the only one who can mature your plans with scrupulous fidelity.

Your highest personal honor is the care and comfort of your family. For your family's sake you willingly give every effort of your brain and brawn to the improvement of your business affairs. But, Man, if you jump into the pit of business competition without ample old line Life Insurance protection for your family and for your business, in spite of your thrift and thoughtfulness you're reasonably certain of being "broke tomorrow."

Ask to have one of our salesmen show you our "Standard Special" policy. It's the best policy for home protection and savings, as it combines endowment, limited pay, and whole life advantages. The "Business Man's Special" is the most perfect and generous protection life policy ever devised by actuarial brains. It gives the most protection for the least money.

Bicycles

Don't buy any make of bicycle, just so it is a wheel. Remember, the color is only a slight item and has nothing to do with the construction whatever.

Why buy some bicycle you never heard of before, when you can get wheels with twenty-five years or more reputation? You can buy four of the largest manufacturers' makes in the world, namely Dayton, Miami Hudson, Columbia, Excelsior and Maximus for the same money, or less, at

MAY APPEAL BRAGG CASE

Mattoon, July 1—Attorney General Brundage has authorized and directed William M. Moran of this city, district inheritance tax investigator, to appeal to the county court of Douglas county, and to the supreme court of Illinois, if necessary, from the appraisement made by M. E. Bigelow of Tuscola in the inheritance tax investigation of the estate of the late W. Bragg of Tuscola, who was killed in an automobile on Oct. 1, 1918. Bigelow's report has no reference to a ninety-nine year lease of an eight-story business block opposite the LaSalle Hotel, Chicago, which experts value at $100,000. The attorney general's office holds that the appraisement is too low.

Appraiser Bigelow reports that an inheritance tax of only $1,719.48 is due the state of Illinois, this to be apportioned as follows: Mrs. Laura Bragg, the widow, $324.37; Mrs. Eva Bragg Skinner, a daughter, $792.53; Jane Bragg, a granddaughter, $296.28; Alexander S. Bragg, a grandson, $296.28

This tax is levied on personal property and real estate after deductions for federal tax, after deductions for exemptions provided for by law, after deductions for payment of taxes and after deductions covering incumbrances.

CAR SHOPS LOSES FIRST THIS SEASON

Locomotive Shops Cause Break in Clean Record.

COMMERCIAL LEAGUE.

Club—	Won	Lost	Pct.
I. T. S.	4	0	1.000
Wabash Car Shops	1	1	.500
Wabash Locomotive Shops	1	2	.666
National Grocer Co.	3	3	.500
Staley's	2	2	.500
Leader Iron Works	2	2	.100
Decatur Bridge Co.	1	5	.167
Mueller's	0	4	.000

The Wabash Car Shops team lost its first game this season in the Commercial league, when they were defeated by their first cousins, the Wabash Locomotive Shops team, 7 to 6. Although the Locos took the lead and held it after the first inning, yet the game was never safely tucked away at any time and even in the last of the seventh, the Car Shops men threatened to tie the score until Brinkmeier tightened up and fanned the last two batters. The score by innings follows:

	R.	H.	E.
Car Shops	1	0	6
Loco Shops	7	8	4

Batteries—Gidel and Lefever; Brinkmeier and Brown.

Oberman's Loss.

The Oberman's of Taylorville lost a good well played game to the Springfield Centennials at Taylorville Sunday afternoon 5 to 4. Six costly errors made by the home team caused them to lose the battle. Each pitcher was touched for ten clean hits and each found ten men. The Taylorville team would like to hear from the Waterworks team of Decatur in regard to a game. The score by innings follows:

	H.	E.
Centennials	10	2
Obermans	10	6

Batteries—Dove and Kroeschner; Lindstrum and Young.

International Tennis.

Wimbledon, Monday, June 30.—In the international tennis tournament in progress here, the third round in the doubles was played today. Garland and Cannon of the United States defeated McIlquham and Seale of England, 6-0, 6-2 and 6-1. Griffin and Davis of the United States beat Donisthorpe, and Grace, 3-6, 6-3, 10-8 and 6-2.

Both of the winning pairs will meet Australian players tomorrow.

HOMECOMING FOR CLINTON SOLDIERS

Clinton, July 1.—The business section was arrayed in flags and bunting Monday for the soldiers and sailors who are being given a Home-Coming this week. Bunting is hung from the court house towers to the four corners of the square and flags are hung at the four entrances to the square, and with the hundreds of flags between the cluster light poles and along the fronts of the stores, they brighten up the business section.

The hanging of the flags about the court house was done by the committee on decorations of the American Legion composed by Fred Wade, chairman, Harold Lovenguth, Leslie Orr, Velma Webb, Emmett Kent and Ellis Baker.

WHISTLES BLOW.

The Comercial club has asked that today, Peace Day, the whistles of the city all blow, the bells ring and people generally make a big racket at noon and at 7 o'clock continuing the racket for five minutes letting everyone know that there is something doing in the city.

Tomorrow every attraction in the Tom W. Allen shows will be free of charge to service men and they are invited to take advantage of the offer. Tickets may be had at the office of Attorney Benj. S. DeBoice or from the office of the American Legion on the public square, upon presentation of proper discharge or identification papers.

TREGO WILL.

The will of Samuel Trego was admitted to probate Monday by Judge John Bedinger of the county court and Nathan Trego was named as executor without bond. The will, which disposes of an estate of $125,000 was made Sept. 25, 1899, and was witnessed by Thomas D. Bryant, Austin M. Shue and Rose E. Parker. John W. Pearl was appointed guardian ad litem for the minor heirs and attorney for parties interested who are in the military service. The appraisers are John W. Collison, Carl Wilson and James Sutton.

Mrs. Lafferty and Nathan Trego receive a life interest in several hundred acres of land in Dewitt township. Pearl Wilson and Edna Trego, grandchildren, fall heir to the property of the estate upon the death of the children of Samuel Trego.

LONGBRAKE BABY DEAD.

Betta Jane, 2-year-old daughter of Tullis Longbrake and wife of Waynesville, died in its home in Waynesville at 1 o'clock Monday afternoon following a short illness. The mother was formerly Miss Bessie Scott of Waynesville. The father is on his way home from service overseas. The grandparents of the child, Mr. and Mrs. Charles Longbrake, live in Decatur. Funeral arrangements are pending, awaiting word from a sister of the child's mother, who lives in Florida.

GIVEN CUSTODY OF CHILD.

Judge W. K. Whitfield of Decatur awarded to Vernon Laiser Monday the custody of his little daughter on a writ of habeas corpus after a very hard fought case. Judge Whitfield first heard the case in Decatur one week ago but found that Laiser was not of age and that he must take legal action through his next friends.

If the case Monday much evidence was taken with thirty-six witnesses subpoened by Sheriff L. W. Persons and occupied the most of the day. Attorneys Hoff & Hoff and Herrick & Herrick represented Mr. Laiser and Attorneys Gray & DeBoice represented Mr. and Mrs. Audrey Arthington, the wife and aunt of the little child, who have had the custody since the death of the mother, a sister of Mrs. Arthington.

In deciding the case Judge Whitfield made provision in the order that the relatives of the child on the mother's side might see her two or three weeks in each year.

MARRIED IN ST. LOUIS.

Miss Nell Daggett and Edward Ellis, both well known young people, were married in St. Louis Thursday by Judge A. M. Parker and had kept the wedding secret from their friends until Monday. Following the ceremony, the couple returned to this city, where they will for the present make their home with the uncle and aunt of the bride, Dr. and Mrs. D. B. Nesbit 415 West Main street. The bride who has many friends here for the past seven years with Dr. and Mrs. Nesbit is the daughter of Mrs. Nettie Daggett of Marion. The groom who recently returned from service overseas, made a record in the service of his country, working a commission as lieutenant from a private in the ranks. He will soon resume his old position at the Illinois Central Shops in the 40 service.

Policemen Al Campbell closed up eleven concessions which were operating games of chance Monday night with the Allen shows on East Main street all of which were clear violations of the state and city laws according to Campbell. There were eight wheels, two baseball games and one game called "the ponies."

Homer Davis one of the men who was operating a game of chance with Campbell and was lodged in jail for a time, and later liberated on bond for his appearance before Justice Stone.

CONDUCTOR PICKS OUT HOLD-UP MAN

Bob Glidewell Suspected Clifford Jones.

MAKES CONFESSION

Tells Police of Many Recent Robberies.

Bob Glidewell, conductor on C. I. & W. train No. 13 which left Decatur for Indianapolis Monday morning probably will be drafted by the hold-up man or the William J. Burns agency. The conductor who can spot a hold-up man when the latter isn't working at his trade is too valuable to society to be wasting his time in running a train.

A man boarded Conductor Glidewell's train at Decatur Monday morning with a ticket to Indianapolis. The man aroused the conductor's suspicions. Glidewell had heard of robberies in Decatur early Monday morning and he made up his mind that this fellow was the robber.

PICKS RIGHT MAN.

It is not known how the conductor arrived at this conclusion. A veteran passenger conductor is likely to be a pretty keen judge of human nature. Glidewell is one of the oldest and also one of the best conductors on the road.

When he had decided that his passenger was a hold-up man he telegraphed Tuscola for the sheriff of Douglas county to meet the train which the sheriff did and the man was taken off the train. He proved to be Clifford Jones, aged eighteen of 1110 East Walnut street, suspected of two hold-ups and several robberies, and Conductor Glidewell's hunch was verified when, after Jones had been brought to Decatur by Officer Osborn, Monday afternoon Jones confessed to about everything he had been suspected of doing.

COULDN'T IDENTIFY.

William Ginsberg, who was held up in his store on East Eldorado street at 11 o'clock Saturday night, met Officer Osborn and the prisoner at the Wabash station. "No, that is not the man who robbed me," said Mr. Ginsberg. "The hold-up man was much heavier than this man."

Nevertheless, when Jones was taken to police headquarters and sweated for a few minutes, he confessed not only to holding up Ginsberg, Saturday night, but Archie Dickson's confectionery store on Sunday night as well.

TO SEE BROTHER.

When questioned Jones said that the reason he held up the men was that he wanted to get to Pittsburgh, Pa., to see a brother, who is about to enlist in the navy. He only got $17 from Ginsberg, but secured $84 from Dickson.

"I wanted to go to Pittsburg, and I didn't get enough money off the first man Saturday night, so I decided to try again Sunday night," said Jones. "I was around the Dickson confectionery store for about half an hour, waiting a good chance. I walked up and down in front of the store three or four times and then went in."

FIND THE MONEY.

A description of Jones had been furnished the police, and early Monday morning a man answering the description to some extent was seen at the Wabash station. When Captain J. Lee Cline learned of this he telegraphed the sheriff at Tuscola, and his message got there about the same time as the message sent by Conductor Glidewell. When searched the currency was found wrapped around Jones' legs under his socks, and the small change was tied up in a handkerchief. He also had $1.01 in postage stamps, which he said he bought at the Decatur postoffice; a small kodak which he said he bought at Haines & Essick's store.

In addtion to the two hold-ups, Jones confessed that he robbed the outside show case in front of R. C. Augustin's store on Water street just before Christmas and stole a lot of fountain pens and reading glasses. These he gave away as Christmas presents to relatives and friends. Five of the fountain pens were recovered.

OTHER DEEDS.

Jones also confessed to robbing Percy Ewing's store and stealing three revolvers. He also got several watches from the store of Henry L. Shields, 314 North Water street. He is also accused of robbing the W. O. Leedy confectionery store at 726 East Eldorado street, the Walrus Manufacturing company and the Decatur Builders' Supply company. He also had three boxes of tools that are suposed to have been stolen.

He was placed in the county jail on charges of burglary, grand larceny and highway robbery. Only a short time ago Jones was arrested for assaulting a boy only nine years old.

GRIFFIN FUNERAL LARGELY ATTENDED

Niantic Church Unable to Accommodate Friends of Soldier.

The funeral of Henry Griffin, who after being twice wounded and gassed in the great world war, came home only to die of disease, was held at 9 o'clock Tuesday morning at the Catholic church in Niantic. It was the largest funeral held there in a long time. The church could not accommodate more than half the friends who came. Scores stood outside during the services. Friends were there from Macon, Illiopolis, Decatur, Niantic and Lincoln.

Mass was celebrated by Rev. Father McGrath, and the funeral sermon was preached by Rev. Father J. C. Daw of Vandalia. The casket was draped with the American flag.

NATIONAL ANTHEM.

Music was furnished by the regular choir of the church. Miss Nellie Heneberry also sang a solo, with Miss Elizabeth Erwin as accompanist, and as the casket was being borne from the church the audience stood while a male quartet sang the Star Spangled Banner.

The body was taken to Lincoln and buried in Calvary cemetery. The funeral party, accompanied by a firing squad from Niantic, made the trip to Lincoln in automobiles. The burial was with military honors.

The bearers were J. H. Cussins C. Heneberry, J. C. Moore, R. Brock and John Loftus of Niantic and Luther L. Aungst of Decatur.

MRS. FIDELIA LENOX.

The funeral of Mrs. Fidelia Lenox was held in the residence of her daughter, Mrs. C. H. Pierce, 1486 West Macon street, Monday afternoon. The house was filled with friends. The services were conducted by Rev. N. M. Rigg, pastor of Grace Methodist church.

The music was furnished by Mrs. Corydon C. Nicholson and Mrs. W. Roy Essick.

The flowers were in charge of Mrs. Leon A. Monson, Mrs. Oscar Yarnall and Mrs. W. J. Caldwell.

The pallbearers were T. J. Livesay, F. J. Parr, Bert Weaver, Paul B. Wilder, J. E. Strobel and C. A. Faught. The interment was in Fairlawn cemetery.

MRS. EMELINE TRESSLER.

The funeral of Mrs. Emeline Tressler was held at 5 o'clock Monday afternoon in the residence of her daughter, Mrs. A. E. Staley, on College hill. The services were conducted by Rev. C. E. Jenney, pastor of the First Presbyterian church.

The music was furnished by Mrs. Corydon C. Nicholson, Mrs. W. Roy Essick, Elmer Lyons and Horace W. McDavid.

The body was taken to Bryan, O., for interment in the family lot in Fountain Grove cemetery. The funeral party left Monday night, going by way of Chicago.

MRS. S. J. BUMSTEAD.

The funeral of Mrs. S. J. Bumstead will be held Wednesday afternoon in her home, 264 West Eldorado street. The body will arrive in Decatur this evening or Wednesday morning.

MAE ELOISE GOOD.

The funeral of Mae Eloise Good, little daughter of Mr. and Mrs. R. E. Good will be held at 3 o'clock Wednesday afternoon at the Boiling Springs church.

ROBERT PATTERSON.

The funeral of Robert Patterson will be held at 9:30 o'clock Wednesday morning at the Methodist church in Macon.

M. M. WORNICK.

The funeral of M. M. Wornick will be held at 4 o'clock Wednesday afternoon in the family residence, 327 West Prairie avenue. Burial will be in Fairlawn cemetery.

LAUNDRY BUSINESS CONSOLIDATED HERE

Schudel Brothers Take Over Model Laundry.

The firm of Schudel Brothers, now running the laundry at the corner of West Main and South Church street, has formed a corporation with Edwards & Chapman of Springfield, Ill., to take over the laundry business of the Model Laundry, corner East William and North Franklin streets, of which Frank Whitmer is the secretary and general manager.

The change means that eventually Decatur will have the largest cleaning establishment in the state outside of Chicago. The plant which the Schudels now own on West Main street will be enlarged and entirely devoted to cleaning while the laundry work for both laundries will be done at the other plant, the new and modern building which the Whitmers built at the corner of East William and Franklin streets a few years ago.

SAME ORGANIZATIONS.

The organizations of both plants will be maintained intact but the plant on West Main will be converted into a monster cleaning establishment.

The entire second floor will be made a special hat cleaning department and the lower floor will be devoted to cleaning of garments and rugs. The chemical building, which is seperate from the main building and south of it, will be enlarged and all the cleaning facilities greatly increased.

HAVE BIG BUSINESS.

The firm now receives hats to be cleaned from many states and if the business was advertised it would get even more. As it is the business has grown so that greater facilities are needed as hats are being sent in all directions in increasing numbers with the result that the firm is three weeks behind with the pile yet to be done growing instead of diminishing.

The increase in business, the difficulty of securing help, the added costs of doing business make the consolidation of the laundries almost imperative," said John Schudel. The little laundry, under modern conditions, cannot succeed, consolidation is taking place all over the country, the same general causes everywhere bringing the some, results."

The Whitmers retain the ownership of the building on East William street.

Meets Wednesday.

The Tirzah club of the Tribe of Ben Hur will meet Wednesday afternoon with Mrs. Frank Baker, 759 East Wood street.

MILLIKIN DRIVE GATHERING FORCE

Hansen Team Reports Subscriptions Early.

FUND NOW $204,851

Four Persons Have Given $5,000 Each

We're off to a running start today," said Henry N. Hansen, captain of one of the teams working on the Millikin Endowment fund, at 10 o'clock Tuesday morning.

"We have already secured $1,500 this morning."

Other team captains were in at headquarters during the day and every effort is being made to push the work through as rapidly as possible.

The work of Monday produced $3,435 and the grand total reported up to the meeting of the committees Monday night was $204,851.

FARMERS BUSY.

At the suggestion of Judge W. K. Whitfield that now might be the time to get after the subscription in the country it was said that the farmers are too busy with the wheat harvest and the final corn plowing to have any time to talk subscriptions.

During the evening the list of large subscriptions was given and it showed that the large amount given had been a very fair proportion of the total already secured.

On the suggestion of A. M. Kenney the number and amounts of the large subscriptions were given to the committee. They are as follows:

$40,000 by 1; $10,000 by 1; $5,000 by 1; $4,000 by 1; $3,000 by 1; $2,500 by 2; $2,000 by 4; $1,500 by 2; $1,000 by 25.

TEAM STANDING.

The teams and their standing Monday night were reported as follows:

Teams	Monday Totals	Total to Date
H. N. Hansen	$650	$9,600
J. E. Osborne	100	9,110
W. H. Duerr	—	8,100
M. C. Nelson	760	6,056
H. W. McDavid	875	3,455

I. P. Wright	550	1,600
Total		$38,435

DECATUR READY FOR HOME BREW

Premier Foods Products Sells Heavy Stock.

Several thousand Decatur people are prepared to weather the drouth temporarily at least by making their own beer. The Premier Food Products company, which occupies the old Decatur Brewing company plant on East Cantrell street sold about $5,000 worth of its canned goods Monday, deliveries being made all over the city until late in the night.

The plant which has been employing about thirty men in the manufacture of this product, has now closed down, but will not be dismantled until more is learned of the search and seizure law. The product made by the local company is non-intoxicating and is used to a certain extent in baking but of course, the bulk of the product has been sold to people, who can make it into beer, by proper application of yeast and other materials and cooking. However the new law hits at the manufacture of stuff, which can be made into beer. Anton Spaeth of the local company believes that such a law could be applied just the same to anyone selling yeast, sugar, raisins and other articles.

In case the company cannot resume manufacture here, it probably will move the plant to St. Louis. In fact representatives of the company are already in St. Louis making arrangements for the manufacture of the product in Missouri. They expect to be in business there within three days.

COST MORE NOW TO GET DIVORCE

Filing and Recording Fees Boosted Fifty Percent.

The increased cost of filing suits and recording went into effect Tuesday, July 1, and hereafter those who find it necessary to resort to the court to settle their difficulties will have to pay more for the satisfaction they get or don't get. Recording fees have advanced fifty percent. The new law went into effect July 1.

Recording decrees and reports must now be paid for at the rate of fifteen cents for a hundred word. This work has heretofore been done free. Common law and divorce now cost ten dollars instead of eight for filing.

Transcripts of records must now be paid for at the rate of twenty cents for one hundred words instead of ten cents.

Births

BUILDING OVENS FOR BARBECUE

Fire Will Be Started Tonight for Roast.

Work of building the big ovens for the barbecue at Fairview park Friday, was started Tuesday morning. A trench six fet wide and twenty feet long is being dug and the sides of course are being bricked up. Three cord of wood is on hand for the fire. The fire will be started Tuesday evening in order to have a solid bed of hot coals when the cooking starts Thursday morning.

WORK PROGRESSING.

Other arrangements or rather actual work for the huge affair is underway. One more kettle of the big iron type is needed and also a big flat ice box, if anyone has one to lend. Anyone having one should call W. H. Duerr at the Y. M. C. A. Five hundred gallon of ice tea is to be stirred up for the day.

Work of building more tables so that 750 people can be seated, has been started. Also a dance floor is being added to the regular pavilion floor. This addition is a wooden platform just north of the pavilion and about half the size of the pavilion floor.

COMMUNITY SING.

Another big feature added to the picnic program will be the community sing around the band stand on the south side of the park. D. M. Swarthout is arranging this part. The various songs will be printed on leaflets and handed out to the people in the crowd. Two soloists will also appear with the band. The program as arranged for the sing, follows:

1. America.
2. Swanee River.
3. "I Ain't Got Weary Yet."
4. How're You Gonna Keep 'Em Down on the Farm?" (Solo by Preston McClelland).
5. Annie Laurie.
6. Smiles.
7. Liza Jane.
8. "When the Great Red Dawn is Shining." (Solo part by Mrs. A. A. Mertz of Warrensburg).
9. "Pack Up Your Troubles in Your Old Kit Bag."
10. Red, White and Blue.

Finale, "Star Spangled Banner."

ARRANGE DETAILS.

Everything is all set for the picnic. The big committee having charge of the arrangements met again Tuesday noon at the Y. M. C. A. and fixed the final details of what will probably be the largest gathering of Macon county folks ever known.

The fireworks are here, the beeves will be started to cook for the barbecue dinner Wednesday night and they will be slowly cooked from then until Friday when the big barbecue dinner, which will be served in a large tent, will be served, beginning at 11 o'clock and continuing until 2 o'clock and then again from 5 until 8 o'clock.

TIGHT WIRE.

The program as outlined at other times will be carried out. Folan Crain, a ten year old boy of Decatur, will put on a twenty minute athletic exhibition of tight rope walking, trapeze work and flying ring tricks. He has his own apparatus which will be erected at the park and he will give his work during the athletic games which take place from 2 to 4 following the base ball game.

Owing to the great crowd no private fireworks of any description will be allowed in the park.

ALL WAR VETERANS GUESTS.

Veterans of the Civil war, Spanish war and the recent war will be guests at the barbecue dinner without charge.

The Millikin University Endowment fund committee will have a booth at the park and there will be fourteen refreshment stands about the grounds in addition to the barbecue tent.

TO GUARD AUTOS.

No automobiles will be allowed to be driven about the grounds. Parking space will be provided in the east end and on the streets under a special automobile force of ten men and every precaution is being taken for safety, convenience and a good time.

Wedding's

FOX-FINCH.

Charles Fox, machinist, and Miss Lillian Finch, both of Decatur, were married at 8:15 Monday night by Justice H. C. Noble in his office on East Main street.

TO HAVE ASSISTANT.

Authority has been given Arnold D. Jones, director of organized play at Fairview park during the summer vacation to secure an assistant. This will enable Mr. Jones to operate two playgrounds at one time.

START WORK.

There is some activity already on the site of the new Junior high school building on West Grand avenue. The foundations for the two wings at the rear of the building are to be put in by the board of education and the work has been placed in charge of Arthur Kinkade. Mr. Kinkade is already getting busy. No excavating except for the footings will be required.

MARRIAGE LICENSES.

Logan Williams, Centralia 30
Edna E. McCarty, Altamont 19

Charles W. Fox, Decatur 21
Lillian Finch, Decatur 20

Lynn N. Williams, Decatur ..... Legal

Theta Alpha Class.

The meeting of the Theta Alpha class of the Grace Methodist church, which was to have been held at the summer home of Mrs. H. S. Gebhart and was postponed, will be held Wednesday afternoon, July 2, in the home of Mrs. R. J. Ross, 1520 North Monroe street.

TO GIVE COST ON IMPOUNDING DAM

Engineer Greeley to Be Here Thursday.

SECURING OPTIONS

Some Land Owners Holding for High Price.

Engineer S. A. Greeley of Chicago expects to be in Decatur Thursday morning to meet the members of the city council for further consideration of the matter of raising some of the roads and bridges and abandoning others. He probably will present at that time also an itemized estimate of the cost of the entire water impounding program, on which legal proceedings will be based.

The work of securing options on the land that must be taken is going along steadily, and while some owners seem inclined to ask more than their land is considered worth, most of them seem to be inclined to be reasonable. The city is willing to give them a fair price, but if they will not accept then condemnation proceedings will be instituted.

TAKE PICTURES.

A series of pictures were taken during the high water last week, showing the extent of the flood and giving the boundaries of the high water. This flood could in no wise be even in a small measure blamed on to the dam now at the water works, as the dam itself was under six feet of water. If it is necessary to resort to condemnation proceedings these pictures will be presented in evidence.

Records have been kept of the high water for many years, and by comparing those records with the high water mark last week it will be easy to determine how many times the bottom lands have been flooded and the extent of the flooding, and the pctures will give a fine idea of the situation.

TO MAKE ASSESSMENT.

In a few days a special assessor will be put to work on the tax books to get the descriptions and the names of the real owners of properties in the district that will be assessed for the water impounding improvement. From the information secured from the tax books the assessment roll will be made up.

HEAVY SALE FOR ALL FIREWORKS

Indications Point to Complete Sell-Out by Fourth.

Fireworks dealers are experiencing a rush of business that indicates that their stocks will be depleted long before the night of July 4. The first day of sale was Monday, the ordinance providing for sale four days before the Fourth instead of three, as stated in The Review Monday evening.

Chief Allen in complaining about the early sale of fireworks refered especially to the shooting last Sunday, it being evident that some one sold crackers before the time allowed by the ordinance. There will be about every known item of fireworks this year, some pieces being a little higher in price, but with the general average about the same.

SOLDIERS WILL ORGANIZE LEGION

Meeting Tonight at 8 in Gerard's Armory.

The meeting for formal organization of a local post of the American Legion, is to be held in the Guards Armory at 8 o'clock Tuesday night. All soldiers and sailors and marines of the county are urged to attend the meeting.

POLICE NOTES.

Mrs. Lucy Stevens and Fred Briggs of 717 East Cantrell street, who were arrested early Sunday morning for disorderly conduct and later released on bond, were arrested again at the same place on the same charge at 3:15 o'clock Tuesday morning and locked up.

LABOR BUREAU HAS MANY CALLS

Several Apply for Jobs While Others Are Looking for Help.

The State Labor Bureau which opened up Monday in the old Council of Defense rooms in the 200 block East North street, has been enjoying a rush of business, and when more people learn of its location, the business undoubtedly will become much greater.

Monday, there were twenty-one persons seeking the bureau and up till noon Tuesday, there had been sixteen for the day. Some of these applying are young women with high qualifications. One is a boy of thirteen, who wants to help his mother, who has a large family to support. He is entitled to work with a certificate during the summer vacation. Several high school boys are also looking for work.

SEVERAL WANT HELP.

A number of women have called up for girls for general housework an dfour institutions seeking men. In the most instances, they are seeking common laborers. Four of the men applying for work, want farm jobs. So far, several farmers have called in for help but many more are expected to be calling as soon as they get acquainted with the location of the bureau.

The office is being conducted by Dan Dinneen, assisted by Miss Helen Miller, who was formerly connected with the federal employment office here, and also J. W. Knowlton. They have succeeded in getting the same telephone number that the old federal office had, Main 618.

Scraps of News

Mrs. Helen J. Moore was Tuesday appointed administratrix of the estate of Mrs. Jane M. Johns, and filed her bond in the sum of $2,000. Mrs. Johns left only a small amount of personal property, consisting of household furniture and money in the bank.

TO MILITARY SCHOOL.

There was heavy travel on Wabash train No. 4 out of Decatur this morning. The extra travel consisted mainly of young men on their way to the Colver military school.

TRUSTEE.

J. C. Hostetler has been appointed trustee in bankruptcy for Albert R. Brett. The claims proved amounted to $12,700 and the assets listed amounte to $1,230.

BUYS INTEREST IN SNERLY GROCERY

George D. Slanker to Have Active Charge.

George D. Slanker, Tuesday completed a deal whereby he purchased an interest in the Snerly grocery, corner of West William and North Main streets, and he will now have active charge of the store.

L. W. Snerly, who has hitherto been the sole owner, will remain in the business and in the store until Sept. 1 when he will devote his time to other interests.

LONG IN BUSINESS.

Mr. Slanker is probably one of the best known and best liked grocery men in Decatur. He has been with Mr. Snerly seven years, preceding that time he was with George Stadler in the same store for five years and preceding that time was with Henry Lyon for eight years, all in the same store and under the successive owners of the same business.

Mr. Slanker has been so long in the business that he has hosts of friends throughout Decatur and central Illinois where he is recognized as a grocer who knows the business.

FRED KIPP SELLS GROCERY BUSINESS

Plans to Take Vacation Before Taking Up Future Plans.

Fred Kipp has sold his grocery store at Eldorado and Broadway to H. J. Schuette and his son, Robert, and the new owners have already taken possesion. He will remain in the store for about a week and then plans to go away some place on a short vacation. A few weeks later he will return. He has some future plans but does not care to announce them yet. Mr. Kipp has been in the grocery business here for about thirty years. About ten years ago he quit the retail business for the wholesale game but did not remain in the latter more than a few months, when he returned to the old store.

Picnic Wednesday.

The Young people of the Second presbyterian church are expecting a good attendance at the picnic they have planned for Wednesday of this week. The picnic will be held in Fairview park. All those who can will go out at 5 o'clock. Those playing tennis are asked to take their raquets and balls. Supper will be served about 6:30.

LIVESTOCK MEN MEET SATURDAY

W. H. Smith to Talk on Value of Pure Bred Stock.

A meeting of the livestock men of Macon county has been called for Saturday afternoon, at 2:30 o'clock in the circuit court room at the court house, by the Macon County Farm bureau.

The meeting is called to hear W. H. Smith of the department of animal husbandry of the University of Illinois talk on the value of the pure bred live stock breeders forming an association for the purpose of marketing their product.

Mr. Smith will talk of what these associations have done in other places and if there is a sentiment for the formation of such an association in Macon county steps will be taken then to start the movement.

Much Wheat Cut.

Between Decatur and Illiopolis there are fifty-three fields of wheat within sight of the interurban line acording to a Decatur man who makes the trip often. Monday he reported that thirty-three of these fields were in the shock, eight were being harvested, and twelve are still standing.

OWEN SCOTT HOME FROM CONVENTION

Attended Rotary Meeting and Then Went to California.

Owen Scott returned home Monday night from his western trip. After attending the Rotary club international convention at Salt Lake City he went on to California, visiting his daughter, Mrs. Florence Downing, at Los Angeles, and also making a stop in San Diego. From there he came on home.

The rotary meeting was a big event. There were about 3,800 registrations including not only representatives from all over this country, but other countries as well, among them Great Britain, Cuba, Canada and the Hawaiian Islands. The sessions were held in the big Mormon tabernacle.

Ford Stolen.

Orville Nowlin of Long Creek reported to the police Monday night that his Ford touring car, license No. 85303, had been stolen from North State street.

Jubilee Meeting.

The women of the W. C. T. U. will have a jubilee meeting at 2:30 Wednesday afternoon in the First Christian church.

FILE PETITIONS STARTING JULY 11

Several Candidates for Constitutional Convention.

ELECTION ON NOV. 4

C. A. Ewing Spoken of for Democrats.

Time for filing petitions as candidate for the position of delegate to the state constitutional convention will begin July 11. The delegates will be selected by both parties in the usual primary way in which state senators are selected and there will be two delegates from each senatorial district, 102 for the whole state.

The primary will take place Sept. 10, the election Nov. 4 and the convention will meet on Jan. 6, 1920, for the consideration of the revision of the basic law of the state.

LOCAL CADIDATES.

There has ben some quiet talk in Decatur as to possible candidates from this city for the nomination. Up to the present time little has been said about the Democratic candidate, although C. A. Ewing has been spoken of in this connection.

Among Republicans the discussion has been more general.

Attorney A. H. Mills, who is known to have made quite a study of constitutional limitations and to have a particularly clear knowledge of what the election system in the state needs, is spoken of, as is also Attorney J. H. Latham.

OTHERS CONSIDERED.

Among Laymen, W. F. Hardy, editor of the Herald and a student of sociological conditions, and W. W. Smith, head of the department of commerce and finance at Millikin, have both been considered as available timber for the place.

Under the bill for the convention as it finally passed the legislature the compensation for the delegates is fixed at $2,000. At first the compensation was fixed at $1,500. The house raised it to $2,500 and the compromise was at the final figure at $2,000.

NEW HOURS FOR DEPARTMENT STORES

Open 8:30 to 6 Now; Close at 5:30 After November.

The opening and closing hours of the larger department stores in Decatur are now 8:30 in the morning and 6 o'clock at night. Beginning Nov. 1 next the hours will be from 8:30 in the morning until 5:30 at night and that rule will be a permanent one for all the year after that date with the exception of the Saturday night hours which for a time probably will be until 9 o'clock at night.

"The time is coming very soon now," said one of the active managers of one of the large stores, "when the Saturday night business will be stopped.

TIME TO SHOP.

"With the workmen having Saturday afternoon off, with the factories gradually working toward a 44 hour week, closing down at noon on Saturday, there will soon be no reason why shopping cannot be done during that afternoon instead of keeping stores open until 9 o'clock at night.

"It is largely a matter of habit and the 5:30 closing habit will start next November and it will be permanent, winter and summer."

NEW ORDINANCE WILL HIT HOTELS

Billiard Halls Not Arranged to Open on Street.

"The new ordinance which the council has proposed regarding billiard rooms means that all the hotels in Decatur must go out of the billiard business. The requirement that a billiard room must be open to the street so that one can see from the front to the back means that all the hotel billiard rooms must close if the ordinance remains unchanged," said a Decatur hotel man Tuesday.

"The St. Nicholas billiard room is in the new wing, behind the office, the Orlando Hotel billiard room is in the basement, the Kraft hotel billiard room is directly back of the office. None of these rooms can, by any architectural arrangement, be made to conform to such an ordinance as was proposed Monday."
